Equipment to support Bowling technique	£100
E-Safety Dance and Role-play Day	£200
Total Expenditure	£1480
<b>Expenditure September 2014 – July 2015</b>	<b>£3040</b>

### Impact

Our expenditure is targeted at activities which we are unable to provide on the school grounds, such as the sports surface at the MUGA. This enables children to engage in more robust physical activity without the same fear of injury when falling over. The extra space also allows for more energetic pursuit games without a high risk of collision.

Children have experienced new sports as taster sessions in the form of cricket, bowling and cycling. These have excited children who were trying them for the first time, and enabled those with some experience (notably cyclists) to showcase their skills with confidence.

We have engaged in strong cross-curricular activities with links to other cultures learning African Dance and Street Dance. We considered the priorities of e-safety and anti-bullying through Dance and role-play experiences which gave powerful messages in a fun activity session. We enhanced our Year 2 transition through a joint visit which enabled Year 2 and Year 3 pupils to interact and face challenges together, building relationships for next year.
