

Education, Health Care Plans (EHCP)

If your child's needs are complex or severe we may suggest that we ask the Local Authority for an assessment for and EHCP. This document will describe your child's SEN and the special help they should receive.

The EHCP involves the Local Authority providing extra resources to help your child. These could include money, staff time, special equipment and attendance at a school with specialist resourced support. This additional provision will be reviewed annually or sooner if required and would include parent, teacher, SENCO and pupil.

If your child already has a statement of SEN the transfer of Statements into EHC Plans will be a gradual process at key times of their education.
