

LAYER-DE-LA-HAYE C OF E PRIMARY SCHOOL
Skills we need to be great at Growth Mindset
Year 6

Name: _____

Concentrate Kuba the Caterpillar 	Don't Give Up Deema the Duck 	Be Co-operative Tim and Tina the Tortoises 	Be Curious Colin the Camel 	Have a go Hamed the Hedgehog 	Use your imagination Isabel the Iguana 	Keep improving Ishan the Insect 	Enjoy learning Edward the Elephant 
Working and thinking extremely hard See everyone working hard A quiet and calm working atmosphere Take my time with my work Not being at all silly Not letting myself get at all distracted Head down and looking at my own work Respond thoughtfully to others Working for a sustained period of time Be adaptable to change Being independent Ignore irritations	Determination Perseverance Always try my hardest Always have a go Never give up Learn from my mistakes Improving my work Only ask for help when it is needed If I make a mistake, I fix it Don't compare myself to others The power of 'yet' Think deeper Mind Workouts	Make eye contact with the person that is speaking Don't be afraid to magpie ideas Working together well Head down Ask for advice when necessary Don't let my response partner do all the work – share the workload Be assertive and put forward my ideas Share and celebrate my mistakes Always have a go Make sure everyone joins in Noise level is appropriate to the task Be flexible No arguments Accepting that life isn't always fair Wanting to learn – good attitude Accepting 'losing'	Finding out things at home Putting my hand up and answering questions Ask for help Look up information Help others if they are stuck – share my knowledge Discover new things Create new things Eager to answer questions Using the ipads to explore questions Bringing things in from home Be a detective	Put 100% effort into my work Thinking hard all the time Keep on trying hard Try my best Be determined Never give up Laughing Magpie from others Try my hardest Be positive Head down Ask myself 'What can't the answer be?' Getting over your fear of failure Being empowered to try Saying what barriers are in my way Thinking of ways to overcome these barriers Don't immediately ask for help	Be creative Think 'outside the box' Trying new things Giving /sharing ideas Asking more questions Up levelling my work Making the right choices for myself Using the right resources/equipment I let my imagination go wild I think up new ideas and questions Take calculated risks Don't do what everyone else is doing (peer pressure)	Head down and focus Make sure I am working hard Up-level my work Use determination Use my purple polishing pens Don't give up Ask lots of questions See people concentrating Be positive Understand that mistakes help Ask myself – what went wrong? Don't worry about others Editing and improving my work Ask for feedback	Noise level is appropriate Keep smiling Make others smile Ask myself – what went wrong Positive attitude regardless of what it is Ask for advice Laugh for the right reasons Share ideas Enjoyment Vocalising my enjoyment Saying thank you Showing respect Manners Explaining why it has been good Celebrating final drafts Imagine my intelligence growing by the minute
