Sports Funding Statement 2015/16

Background

The Government is providing funding of £150 million per annum for academic years 2013/14 and 2014/15 and 2015/16 to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health & Culture, Media and Sport, and will see money going directly to primary school leaders to spend on improving the quality of sport and PE for all children.

The sport funding can only be spent on sport and PE provision in schools. The sport premium has been paid since 2013/14. However from 2015/16 we will not receive any funding.

Review/Impact

- Visits to local authority run gym where very successful and all pupils gained both confidence and improved fitness. They experienced working with other people and being in a public environment. They learnt more about their own bodies and own capabilities
- Drama sessions provided a safe, fun environment to explore emotions, improve self-esteem and working together
- Pupils who took part in the residential gained both confidence and self-esteem. We also worked on independent living skills. All the pupils made progress within their social skills and ability to work both with each other and independently
- Leeds climbing wall enabled pupils who historically have disliked PE to take part in a PE activity. Many of them overcoming a fear of heights and pushing themselves to succeed. This helped to build resilience and trust within the group
- The sports hall hire was not needed due to number of pupils taking part
- Funding was not available for yoga/pilates or free running as the alternate at the end of the academic year
