## Introduction & Background

From September 2013, the Government pledged to get more people playing sport in school through a financial commitment of a PE and sport premium for primary schools, spending over £450 million on improving physical education (PE) and sport in primary schools over the 3 academic years 2013 to 2014, 2014 to 2015 and 2015 to 2016.

This funding is given to schools, with Headteachers choosing how they use the funding, for example to:

- ✎ hire specialist PE teachers or qualified sports coaches to work with primary teachers during PE lessons.
- ✎ support and involve the least active children by running after-school sports clubs.
- ✎ provide resources and training courses in PE and sport for teachers.
- ✎ run sport competitions or increase pupils' participation in the School Games.
- ✎ run sports activities with other schools.

The PE and Sport Grant for the 2013 to 2014 academic year is funded over two instalments as follows:

Financial Year	2013/14 Academic Year	Payment Date
2013-14	September 2013 to March 2014	1 October 2013
2014-15	April to August 2014	30 April 2014

Since September 2013, Ofsted inspections report on PE and sport provision and on how schools spend their additional funding. Ofsted also hold schools accountable by requiring them to publish by April 2014, on their websites, details of how they spend (or will spend) their PE and sport grant. Schools must also include detail about the impact this funding has on pupils' PE and sport participation and attainment.

## Intended Outcomes – 4 simple ‘Pledges’:

- ✚ To increase participation in sport
- ✚ To increase talent
- ✚ To improve health through knowledge and participation in school sport
