

St. Anne's School and Sixth Form College **The Use and Impact of Sport Premium 2016/2017**

Background

The Government has provided additional funding for primary schools for academic years 2013/2014, 2014/2015, 2015/2016 and again for 2016/2017 in order to improve the provision of physical education and sport in primary schools. This funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all their children. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils will receive the funding.

This funding is ring-fenced and therefore can **only** be spent on provision for P.E. and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at St Anne's.

Allocation

All schools with 17 or more primary-aged pupils will receive a lump sum of £8000 plus a premium of £5 per pupil.

For the academic year September 2013 – August 2014 we received an amount of £8,170.

For the academic year September 2014 – August 2015 we received an amount of £8,185.

For the academic year September 2015 – August 2016 we received an amount of £8,205.

For the academic year September 2016-2017 we will receive an amount of approximately £8200.

How will we be spending the Sports Premium funding?

We believe in a holistic approach to the development of sport and physical activity for all and encourage collaboration and partnership working to make the best use of resources and enhance PE and sport provision in order to raise participation and achievement for all pupils.

We are developing our Sports Premium plan to raise standards and participation levels in PE throughout levels in PE throughout the school. Our rationale for the use of Sports Premium funding are, that it must be used so that:

- All pupils benefit regardless of sporting ability
- Children are given the opportunity to complete in activities and events with other schools
- Staff have access to training opportunities and continued professional development
- We make use of collaborative and partnership working

St. Anne's School and Sixth Form College
The Use and Impact of Sport Premium 2016/2017

With the above rationale in mind, and following the guidelines for how to spend this money, our plans for the use of the Sports Premium funding during 2016/2017 include:

- **Investment in the professional development of staff at our school**

This will include providing cover to release staff for professional development in PE and Sports so that they are best equipped to teach high quality Physical Education and School Sport.

- **Continued membership of the South Hunsley School Sport Partnership.**

By investing in and being part of the East Riding School Sports Partnership, this has given St. Anne's:

1. Support and CPD opportunities to our P.E. coordinator and staff
2. Helped increase sporting and competitive opportunities for our students via an annual comprehensive calendar of inclusive events
3. Specialist support and assistance to our school
4. Access Youth Sport Trust Membership
5. Sports leaders to assist the delivery of P.E. and sports events.

- **Curriculum PE**

All school students access 1 hour of structured PE per week.

Sessions with specialist sports coaches to increase the skills and diversity of P.E. and sport in school:

Summer 2016 – Tri-Golf Taster Sessions

Autumn 2016 – Tri-Golf Package booked (4 sessions owed from previous academic year)

Summer 2017 – Tri-Golf Festival to be arranged

- **Sensory PE**

Purchase of new specialist equipment as and when necessary.

- **Swimming**

Swimming lessons with a specialist disability swimming coach at Goole Leisure Centre.

After a successful initial block booking in summer 2015, this led to a further 2 block bookings in both the autumn (2015) and summer (2016) terms. This format will continue and be repeated in the next school year 2016/17.

- **Participation in competitive sport**

Increasing the amount of competitive sport in which our children participate. Running sport competitions, and increasing pupils' participation in the School Games and inter school competitions with the other SLD schools.

Developing the inclusion of the Lower School in sports competitions/events.

Developing links with mainstream schools in order to host and take part in joint competitions.

St. Anne's School and Sixth Form College
The Use and Impact of Sport Premium 2016/2017

- **Lunchtime Clubs**

Supporting and engaging the least active children through new or additional sports clubs, including archery.

- **Additional Costs**

Cost of cover for PE TLR holders to attend meetings and Sporting Events.

Cost of transport for students to attend sporting events.

Cost of additional staff to support swimming both in and out of school.

Cost of additional TLR holder.

Impact

We will evaluate the impact of the Sports Premium funding. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school. Assessments are made both formally and informally using our school assessment systems as well as feedback from staff and visitors to the school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE.
