Our Amazing School!

We are delighted to announce that we have been awarded the Platinum Literacy Award 2016 from the KM Group in recognition of our great contribution in improving literacy standards at our school.

We have recently introduced a 'tree' into our reception area. Thank you for all the positive comments received about it at Parents Evening. If you would like to contribute a comment—positive or one that says how we can improve—please jot it down and we will add it to our tree!

Many thanks

School Improvement Update

Our middle leadership team worked with Richard Epps (Improvement Advisor) this term to scrutinise books and look at progress over time. Positive feedback—the children are progressing well. A great start to the year!

We are currently revamping our library to introduce topic related books to improve greater depth reading. Hopefully this will be finished by term 2.

There has been a great use of the Forest school area to enhance science knowledge and cross curriculum.

We are delighted to announce that our Foundation Area is being refurbished and will begin in December 2016.
