I can count up to 10	I can count up to three or four objects by saying one number for each item	I can place numbers up to 10 in order	I can choose the correct number to represent 1 to 5 objects	I can count up to 20 objects	I can count up to 50	I know by heart all number bonds that total 5 and 6	I can count forward and backwards in multiples of 2	I know by heart all multiplication facts for 10 up to 10 x 12	I can count forward and backwards in multiples of 3	I can double any number up to double 20	I can count forward and backwards in multiples of 6	I can count forward and backwards in multiples of 9	I can recall all multiplication and division facts for all multiplication table up to 12 x 12	I can multiply and divide whole numbers and those involving decimals 10, 100 and 1000 and explain the effect
I can recognise numerals 1-5	I can count up to six objects from a larger group of up to 10 objects	I can count up to 10 from any number	I can choose the correct number to represent 1 to 10 objects	I can estimate how many objects up to 10 I can see, and check by counting them	I can count back from 50	I know by heart all number bonds that total 7 and 8	I know by heart all multiplication facts for 2 up to 2 x 12	I know by heart all division facts for 10 up to 120	I know by heart all multiplication facts for 3 up to 3 x 12	I can count forward and backwards in multiples of 4	I know by heart all multiplication facts for 6 up to 6 x 12	I know by heart all multiplication facts for 9 up to 9 x 12	I can double any 2 digit number	I can halve any number with up to one decimal place
I can recognise numerals to 10	I can count sounds such as claps and taps up to 10	I can count up to 20 from 1	I can place numbers in order up to 20 (as an unbroken chain, starting from 1)	I can count up to 20 from any number	I can count to 100	I know by heart all number bonds that total 9	I know by heart all division facts for 2 to 24	I know by heart all bonds of multiples 10 up to 100	I know by heart all division facts for 3 to 36	I know by heart all multiplication facts for 4 up to 4 x 12	I know by heart all division facts for 6 to 72	I know by heart all division facts for 9 to 108	I can halve any 2 digit number	I know by heart all squares of multiple of 10 up to 100
I can count back from 10 to 1	I can count up to 10 objects	I can count back from 20 to 1	I can place numbers in order up to 20 (as an unbroken chain, starting from any number)	I can say 1 more than any number between 0 – 20	I can count back from 100	I know by heart all number bonds that total 20	I can recognise odd and even numbers up to 100	I can count forward and backwards in multiples of 5	I can count forward and backwards in multiples of 50	I know by heart all division facts for 4 to 48	I can count forward and backwards in multiples of 8	I can count forward and backwards in multiples of 7	I can double any number with up to decimal place	I can recognise and use cube numbers, and the notation for cubed (³)
			I can count up to 10 objects arranged randomly	I can say 1 less than any number between 0 – 20	I can count across 100, forwards and backwards	I can recall doubles of all numbers to double 10	I can count forward and backwards in multiples of 10	I know by heart all multiplication facts for 5 up to 5 x 12	I can count forward and backwards in multiples of 100	I can count forward and backwards in multiples of 1000	I know by heart all multiplication facts for 8 up to 8 x 12	I know by heart all multiplication facts for 7 up to 7 x 12	I know by heart all the squares of numbers between 10 and 12 and use the notation for square (²)	I can count forward in steps of powers of 10 for any given number up to 1,000,000
					I know by heart all number bonds that total 10	I can recall halves of all numbers to half 20	I can count in 10s from any number forwards or backwards	I know by heart all division facts for 5 to 60	I can find 1, 10 or 100 more or less than a 3-digit number	I can count forward and backwards in multiples of 25	I know by heart all division facts for 8 to 96	I know by heart all division facts for 7 to 84	I can multiply 3 single digit numbers	I can count backwards in steps of powers of 10 for any given number to 1,000,000
