

St Cuthbert's Catholic Primary school:
Primary Sport Premium fund statement
2015/16.

Press Release- Dept for Education Health, Culture, Media and Sport

The Government is providing funding of £150 million per annum for academic years 2013/14 and 2014/15 to provide **new, substantial primary school sport funding**. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

Eligible schools

All primary schools will receive £9,205 per annum for an initial two years from the school year 2013/2014.

Purpose of funding

Schools will have to spend the sport funding on **improving their provision of PE and sport**, but they will have the freedom to choose they do this.

Possible uses for the funding include:

- **hiring specialist PE teachers or qualified sports coaches** to work alongside primary teachers when teaching PE
- paying for **professional development opportunities** in PE/sport
- **providing cover to release** primary teachers for professional development in PE/sport
- **running sport competitions**, or increasing participation in the school games
- buying quality assured professional development **modules or materials** for PE/sport
- Providing places for pupils on after school sport clubs.

Accountability

Schools will be held to **account** for how they spend the sport funding. **Ofsted will strengthen its coverage of sport and PE** within the Inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision offered.

Schools will be required to include details about their sporting provision on their school website, alongside their curriculum details, so parents can compare sports provision between schools, both within and beyond the school day.

Best practice

Schools will be able to draw on information on effective practice taken from case studies provided by the very best schools. One year on, Ofsted will carry out a survey reporting on the first year's expenditure and its impact.

Sports Premium. September 2015-July 2016.

During this period the school has received **£9,205** to improve the quality of sport and PE provision at St Cuthbert's Catholic Primary School. Our vision still remains to create a culture that encourages all our children to be active and have positive attitudes towards physical activity and healthy lifestyles.

The funding will develop a programme which includes high quality physical education as part of the curriculum; enough competitive school sport opportunities for those children who want to take part, as well as activities designed to meet the needs of all where possible.

We believe high quality physical education and school sport will contribute to a range of outcomes for our children. Not only does it equip young people with physical literacy while supporting their physical development, movement skills and body confidence, but it also contributes to their physical, mental and social well-being.

Sustainability

We will endeavour to use the funding to make high quality PE and sport sustainable. We believe that in order to have effectively taught PE throughout the school that it would be beneficial to use the expertise of the senior schools around us, in order to aid our own development.

Purpose of expenditure	Cost	Impact and sustainability.
Equipment Club Sports: Easy shot Basketball Goal	£100.00	Children who attended Basketball club have the correct and proper equipment.
Teaching and Extra curricular		
Purpose of expenditure	Cost	Impact and sustainability.
Archbishop Ilse PE Provision (1 day a week) Autumn Term 2015 Spring Term 2016 Summer term 2016	£4651.00	Specialist PE teachers from a Local senior school taught in school one day a week. The sessions were led by both class teacher and PE teacher from senior school. This enabled teachers to improve their own teaching, whilst the children received a high quality of teaching.
