

Information Technology:

We will be learning about E-safety and using the internet for research.

Art and Design:

We will be exploring art from the Great Fire of London and creating our own fire pictures using paint and other media. We will make collages and drawings and look at building shapes and styles.

Music:

This term music sessions will concentrate on our Christmas play. We will be learning the songs for "The Nativity."

P.E.

We will have a games session and gymnastic lesson each week. We will follow the Real PE scheme to develop skills of co-operation and strength.

The Great Fire of London

English:

We will be looking at a range of diaries such as that of Samuel Pepys and writing our own Great Fire accounts over time. We will be concentrating on writing full sentences and using our phoneme fingers when reading and spelling.

Science:

Our science will cover our bodies this term; we will be investigating our senses and exploring how to investigate scientific ideas.

PHSE and RE:

Our focus will be "Our community" in which we will be looking at how we fit into our community and how different groups contribute to community life. In RE we will be looking at ideas of "Belonging".

Maths:

Our numeracy will cover the main areas of number, we will be concentrating on addition and number recognition to 100. Our shape work will include 2d and 3d investigations and we will look at ideas of symmetry and reflection. We will concentrate on o'clock and half past in our time sessions and we will be measuring length, mass and capacity with non-standard measures.
