Accessibility Plan 2017-2020

The SEN and Disability Act 2001 extended the Disability and Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has three key duties towards disabled pupils, under Part 4 of the DDA:

- Not to treat disabled pupils less favourably for a reason related to their disability
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage
- To plan to increase access to education for disabled pupils.

This policy complies with the statutory requirement laid out in the SEND Code of Practice (June 2014) and has been written with reference to the following guidance and documents;

- Equality Act 2010: advice for schools DfE February 2013
- SEND Code of Practice 0-25 June 2014
- Schools SEN Information Report Regulations (2014)
- Statutory Guidance on Supporting Pupils at School with Medical Conditions April 2014
- The National Curriculum in England Key Stage 1 framework document September 2013
- Safeguarding Policy
- Teacher's Standards 2012

The plan sets out the proposals of the Governing Body of the schools to increase access to education for disabled pupils in the 3 areas required by the planning duties in the DDA:

- Increasing the extent to which disabled pupils can participate in the school curriculum
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
- Improve the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled

The schools have identified their priorities through data collection including PLASC and Key stage results. It has also used information from pupil and parent questionnaires.

Our Accessibility Plan allows us to fulfil the school vision statement – To provide the best possible start to their educational life for all our pupils.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually in the School Profile and Prospectus. Attached is a set of action plans showing how the school will address the priorities identified in the plan.
