Number of pupils benefiting from Pupil Premium Grant (PPG)	10
Total amount of PPG received (£1300 per pupil)	£ 13200

Summary of PPG Spending

Spending in the Financial year 2016/17 will be targeted towards:

- **supporting the existing class structure**, in terms of Class Teacher and in-class Teaching Assistant staffing, so that children attracting PPG can continue to be taught in small classes with guaranteed additional challenge, attention and appropriate differentiation in the classroom;
- **substantial support for eligible children** at risk of exclusion;
- **the continued evaluation and provision of small group and one-to-one interventions** in Reading and Maths aimed at a) reducing any difference between PPG pupils and their peers and b) providing challenge for more able pupils;
- **subsidising the school trips** in Class 1 and Class 2, and the residential visit in Class 3 so that no families will be treated differently as a result of inability to pay;
- **subsidising access** to surf and instrumental music lessons;
- **further building emotional resilience** and self-esteem; and
- **supporting pupils who are vulnerable** at transition.

Summary of provision offered for PPG children (additional to provision for all pupils):

Action/Activity	PPG subsidy
Support for Class Teacher budget to maintain small class sizes	£5200
Wave 3 reading and writing support - Additional TA funding	£2050
Additional TA staff funding for in-class Literacy/Maths support/challenge	£1520
CWT Group (formerly Thrive) – additional sessions for eligible	£380
Weekly sessions with School Counsellor	£380
Additional Classroom Assistant hours in for behaviour support/transition	£1300
Additional Classroom Assistant hours in class 3 to release Class teacher for small group maths support	£1100
Additional Educational Psychologist support	£490
Class Trip and residential subsidy, including board and lodgings reduction	£600
Music and Surf lessons.	£180
Total spend	£ 13200

How the impact will be measured

- Comparisons between the attainment of children eligible for PPG and other children, at the end of KS2 and at key points across the school (ie YR, Y2 and Y4) to be favourable.
- The difference between the achievement of eligible children and others at Y6 to be further reduced.
- Eligible children who are receiving targeted intervention in either Literacy or Maths to make measurable progress.
- The uptake of the subsidies available for class trips and residential to be universal.
- The participation in extra-curricular fee-paying activities to be available to all eligible children.
- Any incidents of poor behaviour and exclusion to be low and/or reducing.
- The attendance of eligible pupils to match or exceed that of other children.
- Feedback on emotional support groups and sessions to be universally popular and be acknowledged by parents and carers to be promoting self-esteem and resilience.
