# English

---

**Reading** – All children have access to Bug Club at home, however children can take the physical books home instead. If your children is on Read Write Inc. they will also be bringing these books home.

**Writing** – All children have daily writing opportunities and we are working hard to self improve.

**Spelling** – All high frequency words that children need to read and spell are in the front of their reading journals. In year 2 children will begin the Read Write Inc. spelling programme.

**How you can help at home** – Read with your child little and often. Consolidate the sounds they are experiencing in their books. Begin to ask questions about what they have read. Any letter formation/fine motor or writing practice. Display high frequency words around the home and play games with them.

# Maths

---

The new National Curriculum encourages children to consolidate and apply their knowledge to other areas, i.e. money, measure and everyday problems.
