

Physical Education at Lypstone C of E Primary School

At Lypstone C of E Primary School, the staff and Governors place a very high value on both competitive and non-competitive sport and activity. We recognise the important contribution that PE makes to the physical and mental health and wellbeing of our children. We believe that a high quality PE curriculum and extra-curricular opportunities give children skills needed in life such as team work, managing competition and determination. This can have a positive influence on their friendships, attitudes and academic achievement. We are committed to ensuring that all pupils receive at least 2 hours of high quality curriculum PE each week and have access to a range of extra-curricular clubs throughout the year. Through the local School Sports Partnership (SSP), we also take part in events and competitions alongside 14 primary schools in our local cluster, The Exmouth Area Learning Community. This is supported by a Partnership Development Manager for the Dartmoor School Sport Partnership and through collaborative work with Exmouth Community College PE staff and their pupils who are working towards their Sports Leader qualifications or GCSEs. All children, whatever their ability level are encouraged to take part in sports events and to develop a healthy active life style. All children are expected and supported to take part positively in PE lessons.

The School Sport Premium at Lypstone C of E Primary School

All maintained primary schools are currently awarded School Sports Premium funding. This money is ring-fenced and must be used to support the provision of quality PE and sport. During the academic year, 2016 – 17, Lypstone C of E Primary will receive £8774. This will impact positively on the quality and breadth of our provision, support increased opportunities for competition and ensure those delivering the PE curriculum are able to do so successfully.

What is the sports premium being spent on at Lypstone Primary School	What is the expected impact on provision	How will this be measured
Supporting specialist teaching / coaching Sports Coaches from Primary Sports (£3040) Swimming lessons for year 3-6 Cost (£900) One off workshops such as skipping (£1200) Fun fit intervention and TA	<ul style="list-style-type: none"> • Improved pupil skills • Improved fitness level • Activity clubs for targeted pupils • To improve fitness • To improve coordination • To support and develop able pupils • Increased participation and enjoyment of PE • Increased participation in clubs 	<ul style="list-style-type: none"> • Assessments to track skill development • Numbers of children able to swim 10m, 25m, 50m and 100m at the end of Year 6 • Attendance at clubs • Numbers attending one or more after school and community sports clubs • Governor monitoring • Lesson observations by Headteacher and PE leader

support (£1934)	<ul style="list-style-type: none"> • Increase % of swimmers at the end of KS2 • Quality PE provision • School staff development • Increase in healthy active life styles 	<ul style="list-style-type: none"> • Staff confidence to deliver quality sporting provision.
Partnership Development Manager for the Dartmoor School Sport Partnership supports Continued Professional development for school staff and the organisation / delivery of inter-school competitions and events. Total: £1800	High quality inter-school events for pupils from Years 1 - 6 covering a wide range of sports and activities. Staff skills will be enhanced in the delivery of PE. The co-ordinator will receive support.	Participation levels and success rates across the Learning Community. Talented pupils will be challenged and stretched and directed to local clubs to further their skills.

What was the impact of the Sports Premium funding on provision for 2015-16?

TA support in all PE lessons (including swimming) ensured good progression in the acquisition of skills resulting in improved sporting abilities, as shown through PE assessments and observations.

We trained our own swimming coach to ensure continuity through- out the school.

A strong take up of extra- curricular sports clubs by pupils. Provision for Gifted and Talented sports clubs.

Increased participation and success in inter-school competitions. High quality games provision.
Access to a range of outdoor activities during our activity week.

Targeted fun fit intervention improved core strength and co-ordination for specific children.
