

CLIC Curriculum

Croft Academy

What's it all about?

At Croft Academy we have been working hard to create an exciting and new creative curriculum for your children where they have the chance to discover their talents and ambitions.

What does CLIC stand for?

Community

Learning

Impact

Curriculum

We want all children leaving Croft Academy to be **Cracking** and as a school community we will all work together to ensure the children are - **confident, resilient, aspirational, compassionate and knowledgeable.**

What will our children learn?

The children will be following a skill based curriculum and build upon these skills each topic and then each year. The topics are whole school based and each year group will work on different skills and themes.

The topics this year are:

- How to live forever
- Where am I?
- How does your garden grow?
- When will I be famous?

Homework

Your children will now receive homework linked to their topic and they will have a choice about which tasks to complete depending on their interests. Children will be asked for their homework back in each week or every other week to check on their progress.

Celebrations

At the beginning of each topic, the children's new learning will be shared with you and at the end of each topic, you will be invited into school to share in the

achievements of your children and see what they have been learning.
