

Curriculum Opportunities for SMSC

Curriculum Area Science

Opportunities for spiritual development	Opportunities for moral development	Opportunities for social development	Opportunities for cultural development
<p>Our teaching and carefully selected topics offer children many opportunities to examine some of the fundamental questions in life, for example, the evolution of living things and how the world was created. Children are encouraged to reflect on the awe and wonder regarding the nature of our world.</p>	<p>Children are taught about different beliefs about how the world was created.</p>	<p>The Science curriculum teaches children about the reasons why people are different and, by developing the children's knowledge and understanding of physical and environmental factors, it promotes respect for other people.</p> <p>Topics such as materials and forces enables an insight into how technology has developed and created new answers and also questions in Science.</p>
