

Winter Home Learning Activities

1. Draw a picture of someone dressed for a cold day and label the clothes they are wearing to keep them warm.
2. Design a winter scarf - can you make it have a repeating pattern?
3. Go on a winter walk and look around to notice the changes to the trees and plants.
4. Some animals live in cold places. Draw a picture of an animal that lives in a cold place and find out a fact to share with your class mates.
5. Place a cup of water outside on a very cold night. What has happened?
How can you turn it back to water?
