

Welcome back!

I hope that you have all had a great summer and are ready and raring to go for the new academic year!

This term in Year 3 we will be starting a delicious topic entitled, 'Scrumdiddlyumptious'! This topic is all about where our food comes from and has a design and technology focus. We will be baking, food tasting and looking at the different countries our food originates from.

Now your child is in the Key Stage 2, they will be participating in an Accelerated Reader programme each day in school. This is an exciting programme aimed at further developing children's reading confidence and comprehension. However, we would still encourage you to listen to you children read as often as possible at home!

We are going to have a big push on times tables in Year 3 this year. By the end of Year 3, children should know their 2, 3, 4, 5, 8 and 10x tables confidently, so as much practice as possible will really help your child succeed.

Year 3 will have P.E on Tuesdays and Wednesdays this term. On Tuesdays, the children will be participating in the Five 60 programme. This will run until November 22nd, and after that our PE days will change.

On the page opposite there is a curriculum overview for the year. If there is anything you would like extra information on, please do not hesitate to come in and see me.

Mrs Passarelli
