

Week 3

Friday 20th January 2017

This week:

We have been finding out about our planet Earth and how it is made of water and land. In Geography we have spotted the countries that are in Britain and have made our own map.

In the Snail and the Whale we noticed that the 'rock was as black as soot'. We have been making our own comparisons using 'as.....as'

eg. The Gruffalo had a wart at the end of his nose as poisonous as the sting in a scorpion's tail!

In maths we have been learning how to partition 2 digit numbers to find out how many tens and ones there are. We are also trying to be number magicians and learn all the pairs to make 10.

Year 1 spelling focus:

These are the words we are working on in class. Please practise them at home too. We will not be having a spelling test, but we do expect to start spelling them accurately in our everyday writing.

Common exception words :

so no go do to

Spelling pattern: air

air haircut chair pair

The new library system is in place (see separate email for full details)

Please find your child's log in details attached to the front of their reading diary.

Home learning this week:

Please choose another of the six activities to have a go at.

Thank you to George, Jack and Tilly for explaining your journeys so clearly. Mollie, we loved your snail creation. Amber, Aine, Emily G, Valen-

tino, Lily M, Oscar and James —you amazed with how many things you can do in 1 minute! Lexie W found that our food comes from many different countries and showed us lots of pictures. The weather charts made by Freddie, Lily R and Valentino show us lots of different weather patterns too.

Name: _____ Date: _____

Jolly Well Done everybody!
