

Year 6 Newsletter

Date: 3rd January 2017

Teachers: Mr. Parker, Miss Maloney and
Mr. Whitfield

Issue: 3

Welcome back.

First of all, can we say a huge thank you to the children who completed their home learning task over the Christmas break. The quality and creativity demonstrated has been outstanding and we appreciate the time and effort dedicated to their setting boxes and Antarctic maps.

This half-term we have a brand new creative curriculum topic based on Frozen Kingdoms. We have a variety of exciting activities planned.

In English, the children will be working hard to develop their knowledge and skills in a variety of genres, all linked to our topic work. These include: story writing/poetry, creating persuasive posters and participating in discussions.

In Maths, new areas of learning will be covered each week. We aim to excite and challenge the children using interactive teaching and learning.

Reminders:

PE - 6LP Monday and Friday/6LM Monday and Friday (Please remember correct PE kit including outdoor trainers for all PE sessions.)

Home learning tasks - For now, all children are encouraged to read each night and practice times tables. Further information regarding home learning will follow shortly.

Reading diary - Can we please encourage you to read with your child where possible and sign their reading diary? We thank you for your support.

We look forward to working with you and your child this academic year.

Mr. Parker , Miss Maloney and Mr. Whitfield
