IMFORMATION RECEIVED FROM WEST YORKSHIRE FIRE & RESCUE SERVICE IN RELATION TO USING PRODUCTS TO TREAT HEAD LICE.

Parents and carers please always read and follow the instructions carefully when using chemical insecticide products, typically sold in chemists, to treat head lice. This is because these treatments contain flammable elements. You should not therefore use hair dryers, or any other ignition source such as matches, lighters and candles near anyone during the treatment process whilst the product is being used. This advisory note follows a recent incident in West Yorkshire in which a child's hair was accidentally set alight during treatment resulting in the child sustaining serious injuries.

NO DOGS ON SCHOOL PREMISES.

Just a polite reminder that dogs are not permitted anywhere on school premises.

NOTICES FROM THE DIOCESE OF LEEDS

On Saturday March 18th there will be an Evangelisation Forum at Hinsley Hall. Everyone is welcome to attend. If your parish, chaplaincy or school has been involved in any evangelisation projects or initiatives we would like to hear about them. If you would like to find out more about evangelisation possibilities then please come along to listen to what others have been doing.
