

English

We will be focusing on developing a strong understanding of writing skills for a variety of audiences. We will be looking at writing persuasive texts, narrative texts and balanced arguments. We will also be looking at different sentence structures and the use of punctuation.

Science

Over the Spring and Summer term, we will be learning about electricity, light, evolution and revising for our SATs.

Maths

We will be learning about: times tables, real-life problems, investigations, fractions, decimals, percentages, measurement, algebra, ratio and revising written methods (addition, subtraction, division and multiplication).

PSHCE/SRE

We are looking at healthy minds and well-being in preparation for the SATs.

PE

We will be having our PE lessons on a Wednesday—starting with gymnastics, which is delivered by a gymnastics coach.

Music

We will be looking at pitch, rhythm, singing and composition. Small groups of violin on Friday.

Spring

Term

Year 6

Computing

We will be software developers, using scratch to program algorithms to design our own games.

History

We will be looking at the Ancient Maya Civilisation, learning about their number system, traditions, creation and beliefs.

RE

We will be visiting our local church for an Easter service and looking at important days at Easter.

Geography

We will be learning about aspects of Geography which are linked to our History topic. We will be revising skills from the Autumn term.

DT

We will be looking at electrical systems and the components of a circuit linked to science.

Homework/Spelling

Homework and spellings are given out on a Tuesday, to be handed in the following Monday.

Art

We will be looking at the skills needed to draw.

Reading books

Reading books should be read each day and can be changed in school on Mondays and Wednesdays.
