Attendance

Our usually strong attendance figures have dropped below the national average for schools of 96%. This is of great concern to the Local Authority and the Department for Education. It is also a concern for us. Children not in school are not learning. We have a particular issue in Y1 at present. Attendance below 90% is known as persistent absenteeism and the LA Attendance Officer will intervene. She is visiting school this week.

This Week

- Thurs: School Attendance monitoring visit
