Personal data can be factual (for example, a name and address or date of birth) or it can be an opinion about that person, their actions and behaviour.
- 2.4 Data controllers are the people who or organisations which determine the purposes for which, and the manner in which, any personal data is processed. They are responsible for establishing practices and policies in line with the DPA.

- 2.6 Data processors include any person or organisation that is not a data user that processes personal data on our behalf and on our instructions.
- 2.7 Processing is any activity that involves the use of the data. It includes obtaining, recording or holding the data, or carrying out any operation or set of operations on the data including organising, amending, retrieving, using, disclosing, erasing or destroying it. Processing also includes transferring data to third parties.
