

Year 7 Literacy & Numeracy Catch-up Premium 2015-2016

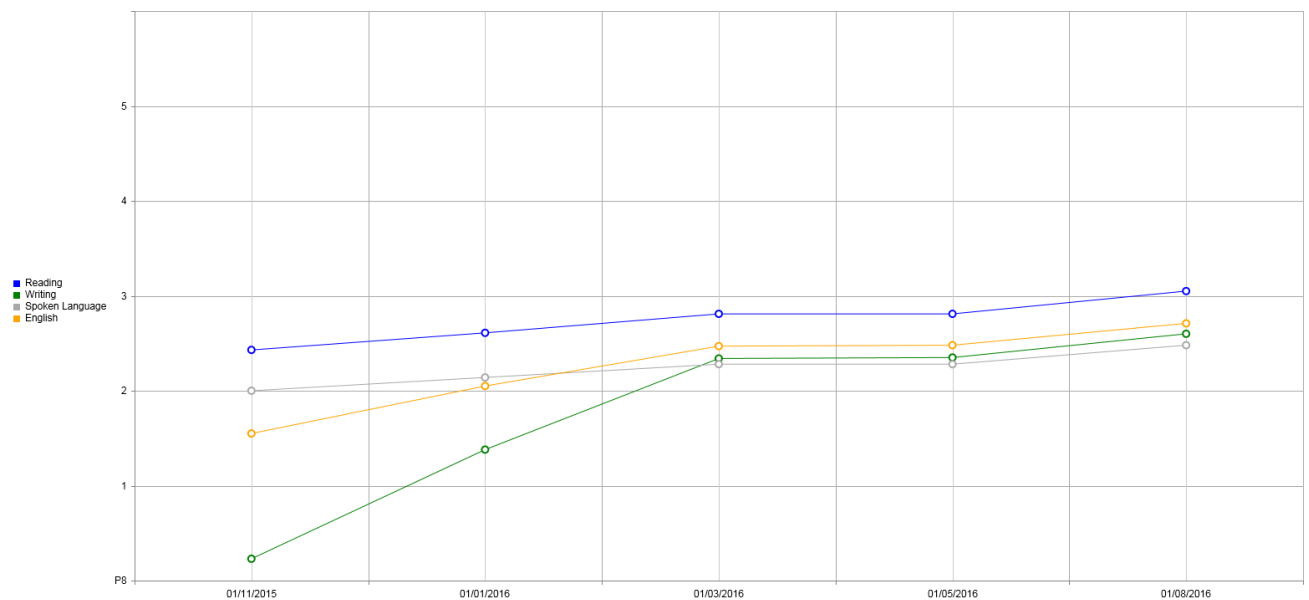

The school received a premium of £4500 for the catch up premium.

This premium was topped up by pupil premium of £6600 to enable the school to offer this as a salaried post – total cost = £11,100

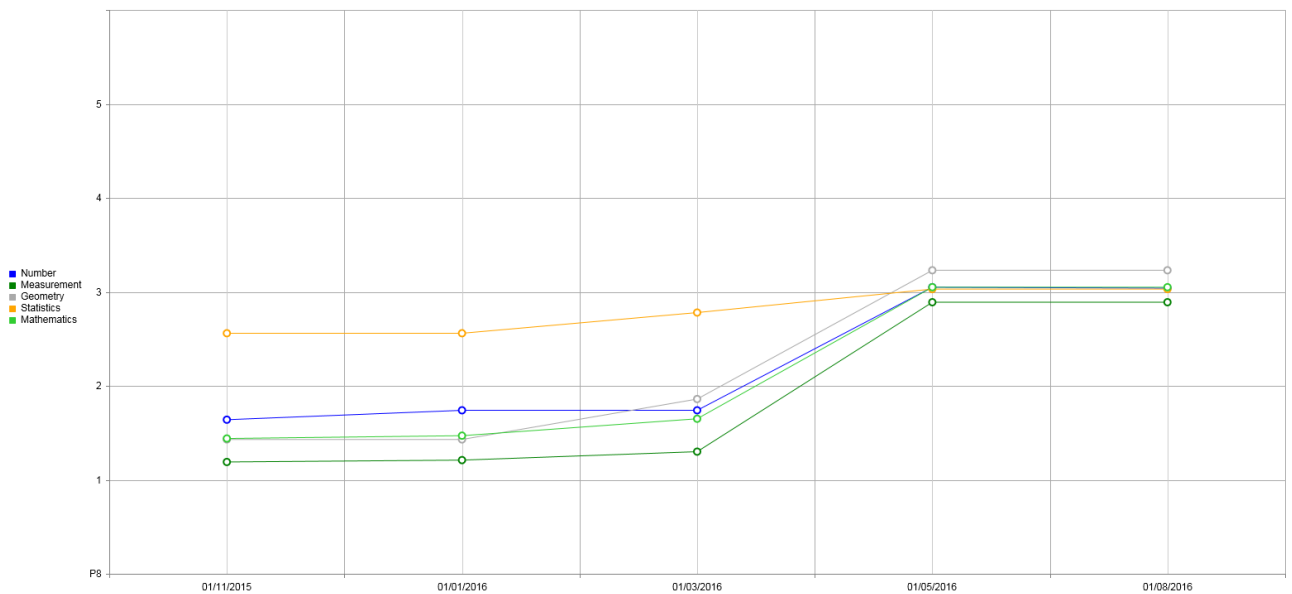

To ensure adequate academic progress is made by those pupils, we employed a literacy and numeracy tutor on a full time basis to work alongside the tutor groups. The tutor supports year 7 pupils across the curriculum and gives individualised tuition in English and Maths.

IMPACT: Year 7 pupils made good progress in English and Maths as can be seen in the graphs below.

Year 7 Literacy & Numeracy Catch-up Premium 2016-2017

We expect to receive £3,500 during this academic year. This sum will make a contribution to the continuing employment of a year 7 tutor to support catch-up pupils in English and Maths. This tutor is additional to the school's full-time English and Maths qualified teachers.
