

Class 1 visit to The Deep

To kick start this terms topic Cold, Cold, Cold class 1 visited the Deep.

The tunnel was fascinating - watching the sharks, rays and swordfish.

We took part in a workshop to help us understand how important sea-life is. We found out that the swordfish uses its sword to move the sand about to it eat creatures living in the sand.

Did you know Penguins can live in both hot and cold climates? These penguins come from Antarctica.

Finally we watched feeding the fish. It

the divers was amazing!
