

Kate Fabian, Parent Governor

Background

I am a geographer by training and passion, with experience in teaching, social and community research, planning, advocacy and consulting. In addition to a Bachelor of Arts, I have a Bachelor of Teaching and an English as an Additional Language (EAL) qualification. I have taught in the mainstream school setting, the after-school tutoring system and a private EAL college. I currently work as a Freelance Alternative Education Tutor. I have two children at Grange Primary School.

Reasons for becoming a governor at Grange Primary School

I have several reasons for becoming a school governor: I enjoy being involved in my local community; I want to be involved in and understand my children's education; and I'm keenly interested in the day to day educational setting and public policy.

What I can bring as a governor to Grange Primary School

I am an enthusiastic, community-minded person who is keen to jump in to do whatever may be required of me! My teaching and tutoring experience, combined with my research, planning and advocacy experience places me in a good position to assist in the review of the schools policies and how they are put into practice.
