

## Castleton C of E Primary School

### Child Protection and Safeguarding Policy

November 2016

#### 1. Introduction and Context

##### 1.1 Our responsibilities

Castleton C of E Primary School fully recognises its responsibilities for Child Protection and Safeguarding, this Policy sets out how the School will deliver these responsibilities.

This policy should be read in conjunction with the following documents which can be located on LID (Learning In Derbyshire) website - [www.derbyshire.inthehive.net](http://www.derbyshire.inthehive.net). Paper copies can be viewed in the school office in the Safeguarding folder.

**"Working Together to Safeguard Children"** (2015) which is statutory guidance to be read and followed by all those providing services for children and families, including those in education.

**"Keeping Children Safe in Education"** (Sept 2016), which is the statutory guidance for Schools and Colleges.

**"Keeping Children Safe in Education: Information for all School and College Staff"** (2016).

**"What to Do if Worried a child is being Abused: Advice for Practitioners"**. March 2015. T

**"Information Sharing: Advice for Practitioners providing Safeguarding Services to Children, Young People, Parents and Carers"**. March 2015.

Furthermore, we will follow the procedures set out by the Derbyshire Safeguarding Children's Board:

<http://derbyshirescbs.proceduresonline.com/index.htm>

In accordance with the above procedures, the School carries out an annual audit of its Safeguarding provision (S175 Safeguarding Audit, which is a requirement of the Education Act 2002 & 2006) a copy of which is sent to the Local Authority Safeguarding Team. **Recent audit June 2016.**

##### 1.2 Our Principles

Safeguarding arrangements at **Castleton C of E Primary School** are underpinned by three key principles:

- Safeguarding is everyone's responsibility: all Staff, Governors and Volunteers should play their full part in keeping children safe.
- That **Castleton C of E Primary School** operates a child-centred approach: a clear understanding of the needs, wishes, views and voices of children.
- That all Staff, Governors and Volunteers have a clear understanding regarding abuse and neglect in all forms; including how to identify, respond and report. This also includes knowledge in the process for allegations against professionals. Staff, Governors and Volunteers should feel confident that they can report all matters of safeguarding children in our School where the information will be dealt with swiftly, following the correct procedures with the safety and wellbeing of the children in mind at all times.

##### 1.3 Our Policy

There are 6 main elements to our Policy, which are described in the following sections:

- The types of abuse that are covered by the policy;
- The signs of abuse that Staff and Volunteers should look out for;
- Roles and responsibilities for Safeguarding;
- Expectations of Staff and Volunteers with regard to Safeguarding, and the procedures and processes that should be followed, including the support provided to children;
- How the School will ensure that all Staff and Volunteers are appropriately trained, and checked for their suitability to work within the School;
- How the policy will be managed and have its delivery overseen.

Through implementation of this policy we will ensure that our School provides a safe environment for children to learn and develop.

## 2 Types of Abuse

### 2.1 Children who may require early help

Staff and Volunteers working within the School will be alert to the potential need for early help for children, considering following the procedures identified for initiating early help (see section 5) for a child who:

- Is disabled and has specific additional needs.
- Has special educational needs.
- Is a young carer.
- Is showing signs of engaging in anti-social or criminal behaviour.
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health, domestic violence; and/or
- Is showing early signs of abuse and/or neglect.
- Is showing signs of displaying behaviour or views that are considered to be extreme

These children are therefore more vulnerable; our School will identify who our vulnerable children are, ensuring Staff and Volunteers know the processes to secure advice, help and support where needed.

### 2.2 Child Abuse

There are four types of child abuse as defined in 'Working Together to Safeguard Children' (2013) which is defined in the 'Keeping Children Safe in Education Statutory Guidance 2015' as:

- **Physical Abuse** - may involve hitting, shaking, throwing, poisoning, burning/scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- **Emotional Abuse** - is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
- **Sexual Abuse** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact or non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males; women can also commit acts of sexual abuse, as can other children.
- **Neglect** is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. It may include a failure to:
  - Provide adequate food, clothing and shelter.
  - Protect a child from physical and emotional harm or danger.
  - Ensure adequate supervision (including the use of inadequate care-givers); or
  - Ensure access to appropriate medical care or treatment.
  - Respond to a child's emotional needs

**Bullying** and forms of bullying including prejudice based and Cyber Bullying is also abusive which will include at least one, if not two, three or all four, of the defined categories of abuse as defined in our **Anti Bullying Policy**.

## 2.3 Signs of Abuse

### Physical Abuse

Most children will collect cuts and bruises and injuries, and these should always be interpreted in the context of the child's medical / social history, developmental stage and the explanation given. Most accidental bruises are seen over bony parts of the body, e.g. elbows, knees, shins, and are often on the front of the body. Some children, however, will have bruising that is more than likely inflicted rather than accidental. Important indicators of physical abuse are bruises or injuries that are either unexplained or inconsistent with the explanation given; these can often be visible on the 'soft' parts of the body where accidental injuries are unlikely, e.g. cheeks, abdomen, back and buttocks. A delay in seeking medical treatment when it is obviously necessary is also a cause for concern.

The physical signs of abuse may include:

- Unexplained bruising, marks or injuries on any part of the body.
- Multiple bruises- in clusters, often on the upper arm, outside of the thigh.
- Cigarette burns.
- Human bite marks.
- Broken bones.
- Scalds, with upward splash marks.
- Multiple burns with a clearly demarcated edge.

Changes in behaviour that can also indicate physical abuse:

- Fear of parents being approached for an explanation.
- Aggressive behaviour or severe temper outbursts.
- Flinching when approached or touched.
- Reluctance to get changed, for example in hot weather.
- Depression.
- Withdrawn behaviour.
- Running away from home.

### Emotional Abuse

Emotional abuse can be difficult to identify as there are often no outward physical signs. Indications may be a developmental delay due to a failure to thrive and grow, however, children who appear well-cared for may nevertheless be emotionally abused by being taunted, put down or belittled. They may receive little or no love, affection or attention from their parents or carers. Emotional abuse can also take the form of children not being allowed to mix or play with other children.

Changes in behaviour which can indicate emotional abuse include:

- Neurotic behaviour e.g. sulking, hair twisting, rocking.
- Being unable to play.
- Fear of making mistakes.
- Sudden speech disorders.
- Self-harm.
- Fear of parent being approached regarding their behaviour.
- Developmental delay in terms of emotional progress.

### Sexual Abuse

All Staff and Volunteers should be aware that adults, who may be men, women or other children, who use children to meet their own sexual needs abuse both girls and boys of all ages. Indications of sexual abuse may

## Castleton Primary School – Derbyshire County Council Model Policy Adaptation

be physical or from the child's behaviour. In all cases, children who tell about sexual abuse do so because they want it to stop. It is important, therefore, that they are listened to and taken seriously.

The physical signs of sexual abuse may include:

- Pain or itching in the genital area.
- Bruising or bleeding near genital area.
- Sexually transmitted disease.
- Vaginal discharge or infection.
- Stomach pains.
- Discomfort when walking or sitting down.
- Pregnancy.

Changes in behaviour which can also indicate sexual abuse include:

- Sudden or unexplained changes in behaviour e.g. becoming aggressive or withdrawn.
- Fear of being left with a specific person or group of people.
- Having nightmares.
- Running away from home.
- Sexual knowledge which is beyond their age, or developmental level.
- Sexual drawings or language.
- Bedwetting.
- Eating problems such as overeating or anorexia.
- Self-harm or mutilation, sometimes leading to suicide attempts.
- Saying they have secrets they cannot tell anyone about.
- Substance or drug abuse.
- Suddenly having unexplained sources of money.
- Not allowed to have friends (particularly in adolescence).
- Acting in a sexually explicit way towards adults.

### Neglect

It can be difficult to recognise neglect, however its effects can be long term and damaging for children.

The physical signs of neglect may include:

- Being constantly dirty or 'smelly'.
- Constant hunger, sometimes stealing food from other children.
- Losing weight, or being constantly underweight.
- Inappropriate or dirty clothing.

Neglect may be indicated by changes in behaviour which may include:

- Mentioning being left alone or unsupervised.
- Not having many friends.
- Complaining of being tired all the time.
- Not requesting medical assistance and/or failing to attend appointments.

### 3 Specific Safeguarding Issues

In understanding the signs and indicators of specific issues listed earlier in this policy Schools and Colleges can access broad government guidance via the

<https://www.gov.uk/government/organisations/department-for-education> and more importantly access local procedures, strategies and tools through [www.derbyshirescb.org.uk](http://www.derbyshirescb.org.uk) .

**Castleton C of E Primary School** will incorporate signs of abuse and specific safeguarding issues in safeguarding into briefings, Staff Induction Training, and ongoing development Training for Staff, Volunteers and Governors.

- Establish or use existing mechanisms for understanding the risk of extremism
- Ensure staff understand the risk and build capabilities to deal with issues arising
- Communicate the importance of the duty
- Ensure staff implement the duty

**Castleton C of E Primary School** will seek to work in partnership, undertaking risk assessments where appropriate and proportionate to risk, building our children's resilience to radicalisation. Records are to be made, updated and stored as appropriate.

### 3.2 Female Genital Mutilation

**Castleton C of E Primary School** recognises and understands that there is now a mandatory reporting duty for all teachers to report to the police where it is believed an act of FGM has been carried out on a girl under 18 in the UK. Failure to do so may result in disciplinary action by **Castleton C of E Primary School**

All suspected or actual cases of FGM is a Safeguarding concern in which Safeguarding Procedures will be followed. If any staff are concerned about a pupil they will refer to the Safeguarding Designated Lead in the School unless there is a good reason not to do so.

## 5 Safeguarding Processes and Procedures

The School will deliver its responsibilities for identifying and acting on early help needs, Safeguarding and Child Protection in line with the policies and procedures identified in the Derbyshire Safeguarding Children's Board policies and procedures guidance, available at:

A threshold Document is available and assists with meeting a child's needs in Derbyshire and can be found at:  
<http://derbyshirescbs.proceduresonline.com/pdfs/thresholds.pdf>

### 5.1 Early help

The provision of early help services will form part of a continuum of help and support to respond to the different levels of need of individual children and families – for more information School Staff and Volunteers can refer to Derbyshire's 'Early Help Offer' at

[http://www.derbyshire.gov.uk/social\\_health/children\\_and\\_families/support\\_for\\_families/default.asp](http://www.derbyshire.gov.uk/social_health/children_and_families/support_for_families/default.asp)

All initial contacts where Staff, Governors or Volunteers wish to make a request for general advice, information or a service for a child, who may be a child with additional or complex needs, should be made by contacting the local children's Social Care contact point for making referrals.

When calls are received they are screened, and advice is given around the next steps. An Initial Contact will be created for all cases where it is judged the child may have additional or complex needs. This Initial Contact will be then passed to the Senior Practitioner.

The Senior Practitioner will, within 24 hours, decide which service within Children's Social Care is best placed to meet that child's needs and the information will be passed to either the Multi-Agency Team or Children's Social Care for assessment. The contact Centre Advisor will be responsible for directing the Initial Contact/Referral to the appropriate team and advising the referrer of the outcome within 24 hours.

### 5.2 Referring to Children's Social Care

If at any time it is considered that the child has suffered significant harm or is likely to do so, a referral will be made to the Children's Social Care contact point e.g. a child having an injury or has made a disclosure of sexual abuse.

When a member of Staff, Volunteer Parent, Practitioner, or another person has concerns for a child, and if the school are aware that the case is open to the Multi-Agency Team they should discuss with the Allocated Worker or their manager to request escalation to Children's Social Care. If the child does not at that time have a lead professional or allocated Social Worker the school should contact the Children's Social Care Contact Point where a contact centre advisor will collate the information and advice on the next steps.

The school will ensure they have spoken to the family about their concerns and proposed actions unless to do so would place the child at risk; the decision not to inform parents/carers must be justified and the details recorded. If a child makes a disclosure or presents with an injury it is imperative that advice is sought immediately **prior to the child returning home and as soon as the school become aware of this.**

Essential information for making a referral includes:

- Full names and dates of birth for the child and other members of the family.
- Address and daytime phone numbers for the parents, including mobile.
- The child's address and phone number.
- Whereabouts of the child (and siblings).
- Child and family's ethnic origin.
- Child and family's main language.
- Actions taken and people contacted.
- Special needs of the child, including need for an accredited interpreter, accredited sign language interpreter or other language support.
- A clear indication of the family's knowledge of the referral and whether they have consented to the sharing of confidential information;
- The details of the person making the referral.

Other information that may be essential:

- Addresses of wider family members;
- Previous addresses of the family;
- Schools and nurseries attended by the child and others in the household;

All interview panels will have at least one member who has undergone Safer Recruitment Training with the necessary skills and knowledge. We will check on the identity of candidates, make overseas checks where relevant and follow up references with referees and scrutinise applications for gaps in employment. We will ensure that Safeguarding considerations are at the centre of each stage of the recruitment process and if in any doubt will seek further HR and or legal advice.

A DBS check will be requested as part of the pre-recruitment checks following an offer of employment, including unsupervised volunteering roles, and staff engaging in regulated activity, where the definition of regulated activity is met. The definition can be found in Part V of the Protection of Freedoms Act 2012 and at DBS Guides to Eligibility <https://www.gov.uk/government/publications/dbs-regulated-activity>

## Appendix A:

### Learning from Serious Case Reviews (SCRs) and Serious Incident Learning Reviews (SILRs)

Derbyshire Safeguarding Children Board recognises the importance of learning and improving from our experiences in this area. A range of learning and themes from SCRs and SILRs have been identified from our most recent reviews, and from the preceding three years.

In 2012 We have learnt that:

**Babies** are particularly at risk from abuse and neglect including:

- Shaking
- Co-sleeping
- Domestic abuse
- Methadone used as a soother
- Lack of ante-natal assessment

**Teenagers** - a quarter of all SCRs/SILRs have been about the serious injury or death of a teenager. Issues include:

- Suicide/self-harm
- Child sexual exploitation (CSE)
- Offending behaviour
- Missing from school, home or care
- Difficult to engage

**Parents-** the death or serious injury of children and young people often has contributory factors including:

- Substance misuse
- Mental health
- Domestic abuse
- Hostility/non-engagement
- Disguised compliance
- Violent men

It is vital that themes and learning is shared across all agencies to improve practice and increase safeguards to children and young people. The SCR subcommittee has identified a number of practice developments for professionals including:

- Information gathering, sharing and recording.
- Assessing the complete circumstances of the child and family, including their history.
- Critically analysing all information.
- Ensuring the needs of the child are paramount above those of the parents.
- Seeing a child at home and where they sleep.

In 2013/2014 in summary form we learnt that:

Common Themes:

- Domestic Abuse
- Substance Misuse
- Vulnerabilities of older teenage children
- Suicide/self-harm
- Shaken babies/youngsters
- Disguised compliance from parents/carers

## Castleton Primary School – Derbyshire County Council Model Policy Adaptation

- Agencies should be consulted before closing cases
- Risk to children should be assessed when in contact with perpetrators of domestic abuse
