The percentage figure, is just that, the smaller figure underneath is the actual number of replies to each question. Percentage figures are rounded to the nearest whole number and therefore may not add to 100.

Thank you to all parents who completed and returned a questionnaire. This information is useful to us to help make our school better. A high 'approval' rating is pleasing but does not mean that we can rest on our laurels, as we must continually be striving to improve the provision for our pupils. The questionnaire returns have been shared with staff in each class.

The relatively high 15% who answered 'Don't Know' to Q11 was in many cases because parents stated that their child had not experienced any bullying and therefore they didn't know if it was dealt with effectively.
