INTERNET AND CHILD SAFETY

Last week we checked those games consoles...this week; did you know that most UK broadband providers offer free 'whole-home parental controls' which apply to any device that connects to your own home broadband hub. Please contact your provider for information about how to set these up. Remember this only applies to devices going through your home hub and not while connected to the internet using 3G or 4G networks.

THANK YOU

School would like to thank Mrs Brunt for her continued support and recent donation of books for our school library.
