Updating lunch time activity equipment, PE equipment to ensure children have access to a greater variety of games	After school clubs can cater Equipment to deliver to An increased number of children	£965	More children given opportunity for competitive sports	Future commitment	All years

The government has announced that it is to continue with this funding for the foreseeable future.

We are therefore delighted to be able to use the approximate £9500 (Waiting to find out increased amount) sport premium funding to support the development of P.E. and school sport in 2016-17 in the following ways;

- **build upon the gym, and dance CPD for staff and provide quality assured professional development opportunities for teachers enabling quality teaching and learning for all children**
- **Fitness clubs for all children will be offered at lunchtime for KS2 by Activkids**
- **Activkids will provide a Change4life club at lunch times on Tuesdays and Wednesdays for Years 3,4,5 and 6**
- **Develop partnership in Charlton Football Club**
- **Increase participation in Inter school sports events**
- **Provide a wider range of after school sports and increase participation**
- **New Sports kit for the children representing the school to build more interest and greater esteem**
  
- **Association of PE £100**

Our overall aim is to continue to raise the profile and standards in P.E. and school sport increasing the participation and opportunities offered to our children. We aim to provide higher quality lessons and improved learning for all.

If the expected increase does happen we will look to spend that money in a way that impacts the future with regards to the school environment- eg new basketball hoops for main playground, fitness equipment etc
