National Average	102	103	102		
<p>For all mainstream pupils nationally, the average progress score will be zero. A school's progress scores for English reading, English writing and mathematics are calculated as its pupils' average progress scores. This means that school level progress scores will be presented as positive and negative numbers either side of zero. A negative score does not necessarily mean a school is below the floor (<i>Brightlingsea Juniors progress scores are above the floor standard</i>)</p> <p>PLEASE NOTE: These progress measures are comparing us with PRIMARY schools nationally, not Junior schools.</p>
