

28th April

Dear Parent/Guardian,

RE: NEW LIFE DAY – FRIDAY, 5th MAY 2017

Now that the cold weather has hopefully passed we are ready to plant in our garden areas so they are bursting with flowers and vegetables.

Next Friday we would like to celebrate spring arriving by having a fun filled day focusing on 'New Life'. We would like our children to join us planting flowers and plants to create some nice spaces throughout school where they feel that the outdoors are surrounding us.

If you could bring any plants into school including the Kelloggs Grow Your Own Kits to help your children be involved this would be really appreciated.

You can bring any type of plant into school, below are some suggestions to help you if you are unsure of what type of plant you could bring;

- Sunflowers
- Marigolds
- Primrose
- Pansy
- Forget me nots
- Sweet peas
- Herbs - chives, mint, parsley, basil etc.
- Strawberry

Please can donations be brought in by Wednesday, 3rd May 2017.

Yours sincerely

Lisa Young
Head of School
