Headteacher: Mrs S. Bowes

Dear Parents and Carers,

As the hot weather approaches we are advising all our children to wear protective sunhats or caps. We want to ensure a shared approach to keep all our children safe and healthy.

On sunny days we are advising **all** our children in EYFS to come to school with their sun-cream already on, covering all the areas that could be exposed during the day, particularly backs of necks and arms.

On exceptionally hot days our staff in EYFS and Lunchtime Staff can apply our school bought ASDA Suncream to the children if they need. If you are happy for our staff to apply when needed with this particular brand then please complete the consent form below.

If you would prefer for your children to apply their own suncream from home, please indicate below and ensure that this is clearly labelled with your child's name and shared with the members of staff.

On behalf of the EYFS team

Consent Form for Application of Suncream for EYFS Children at St Michael's RC Primary School

I agree that my child _____ is able to have the school suncream applied during exceptionally hot days.

My child, _____ will come to school with home bought suncream and I will ensure it is clearly labelled and given to a member of staff.

Signed, _____ Parent/Carer
