Dear promise and Zyong hello my friend we are glad to be your pen pals. Sorry if we got your names wrong our names are Dasha and Edel. In our country it is very cold. We have to dress warm for the right weather. Our best subject is PE and maths. I have got a question for you what do you do in grade 3A? What are one of your most traditional foods and what do they taste like? Do you have lunch inside or outside. Our most traditional food is scones with cream and jam. Goodbye Promise and Zyongue. This letter is by your pen pals Dasha and Edel
