

## **Sport Premium Grant 2016/17**

### **Background**

The Government is continuing to provide funding for the academic year 2016/17 to enable schools to make additional and sustainable improvements to the quality of PE and sport they offer.

The premium is used to develop or add to the PE and sport activities that schools already offer and to make improvements now that will benefit pupils joining the school in future years.

### **Allocation**

Funding for schools will be calculated by the number of eligible primary aged pupils (between the ages of 5 and 11).

Based on a full year all schools with 17 or more primary aged pupils will receive a lump sum of £8,000 plus a premium of £5 per pupil. Smaller schools receive £500 per pupil.

### **Funding Period**

The sport funding for this academic year will be paid in two parts. The school will receive £5189 in November 2016 and £3706 in May 2017.

### **Accountability**

Schools are held to account for how they spend the sport funding. Ofsted has strengthened its coverage of sport and PE within the Inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision offered. Schools should publish the amount of grant received; how it has been spent (or will be spent) and what impact the school has seen on pupils' PE and sport participation and attainment as a result, to help to ensure that all pupils develop healthy lifestyles.

# Cottesbrooke Infant & Nursery School

## Academic year 2016/17

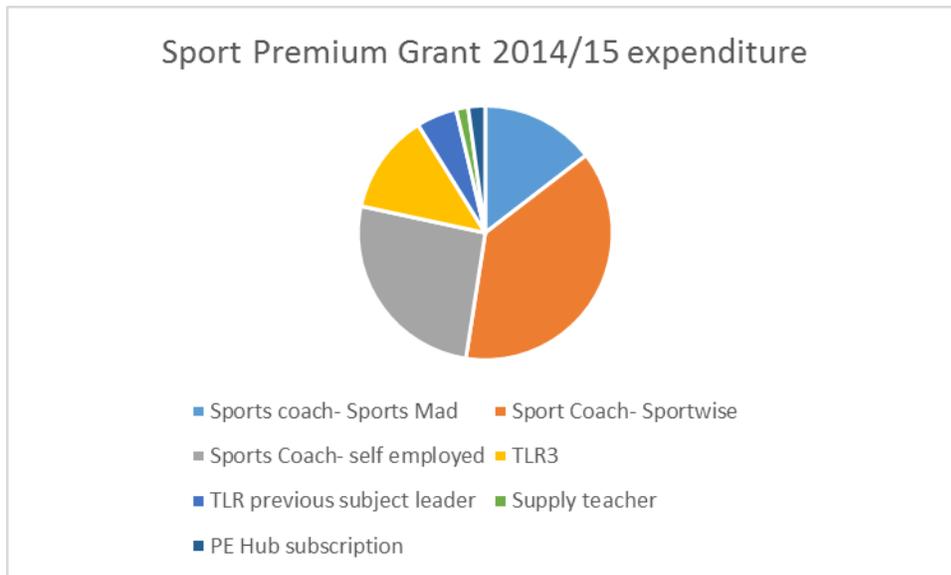

### Spending:

The school will receive a grant of £8895 for the academic year 2016 -17. This money will be used to support the provision of improved quality of sports, PE and physical activity for all pupils:

### How we plan to spend the funding:

Sports coach to develop active lunchtimes and playtimes, support PE lessons, lead intervention groups, organise competitions and lead after school clubs.	£7832 plus £249 (funded by school) total £8081
Sports Mad club (twice weekly after school club)	£1063

### Impact of primary school sports funding 2015/16

Sport premium funding has been used to improve the provision of physical activity across the school. The school has employed a sports coach to develop physical activity and he has been

## Cottesbrooke Infant & Nursery School

successful in enthusing our children to take part in sports during and after school. The sports coach has created opportunities for increased sports and physical activity during playtimes and lunchtimes. He has been particularly successful at targeting boys to pursue an interest in sport. Our coach was able to target children who were at risk of falling in to the overweight category and worked with these children to carry out rigorous exercise in addition to the physical activity endured in compulsory PE lessons.

Additionally, money was spent to provide additional after school clubs with a physical focus from the Sports coach company who deliver gym lessons in our school. This has enabled children across the school from Reception to Year 2 to take part in a range of sports outside of the school day. These have proven to be popular and once again, raised the profile of physical activity in our school.

Funding was used to support our newly qualified teachers in their delivery of physical education lessons. The school also subscribed to an outside agency to support staff with planning and assessing PE lesson ideas.
