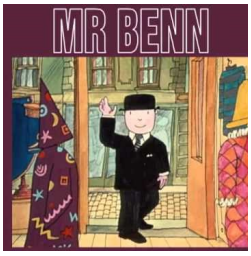
School News... Year 1

Week 5 **Friday 19th May 2017**

This week:



We have been learning how to add describing words in front of nouns to make great sentences. We described the outfits that Mr. Benn wears on his adventures. We are all getting much better at this.

We have continued to become more accurate with money and have been buying the costumes that Mr. Benn wears. We have also been ordering the outfits from cheapest to dearest.

We have all been very excited that the tadpoles have grown their legs and turned into froglets! We will have to let them go back to the pond next week.

Feel Stretch Breathe Play Believe Move Relax

relax kids

creating calm confident kids

Inspiring classes for children

Next week we will begin our relax kids sessions. Thank you for returning all your forms. We are aiming to do them each Wednesday.

Year 1 Cake Sale Money

Thank you! We have chosen and bought Fairy tale, Legend and real characters lego! Next week we are going to use it to have adventures with, to inspire our own story writing.

Names on clothes and water bottles please

Please check that all clothes and water bottles are named. Many of them have rubbed off. Lots of us have the same and it is very tricky to return them to the rightful owner.

KIMPTON PRIMARY SCHOOL

Home learning this week:

What great home learning you are all doing.

We have loved sharing all we have done with each other in class.

Year 1 HOME LEARNING summer 1

Science/English – Animals	Maths – Money	Kimpton May Fest
The children are fascinated by the tadpoles that have hatched from the frog spawn we collected from the school pond. We will be making our own fact books about frogs later in the term. It would be lovely if you could find some interesting facts to share with us. It could be about frogs or another creature that you are interested in, such as butterflies, dogs, cats or dinosaurs! You can choose.	Please look at coins and money. See how many different ways you could pay for items using just 1p, 2p 5p and 10p coins. Play shopping with your toys or your fruits and vegetables! Choose a price label such as 0p 5p 10p 12p 15p 18p ...20p? Which coins could you use to pay with? Can you pay the same amount using different coins?	Hope you all enjoy the busy weekend and have fun at the Kimpton Festival. As it is so busy, home learning this week is to talk about something that happened over the weekend. The children could draw or bring in a photo to share.
Maths – Count in 2s, 5s and 10s: Use sets of 2, 5 and 10 that can be found all around you to help your child count in these steps. Can you count backwards too?	English - Poetry Choose a poem about homes, an island or the seaside that you especially like and be prepared to share it with the class. You will need to explain to the class your reasons for choosing this poem. You may wish to make a picture to go with the poem too. or have a go at this one...	Geography - Look at houses on your journeys and try to name as many different types as you can. *Detached, semi-detached, terraced, bungalow, flats, cottage etc.* Please reinforce our learning about odd and even numbers as you spot the door numbers on houses.

Remember:
Home learning can be as creative as you like. It may be photos, something you have made, drawn etc. Please do not feel that something needs to be written on the home learning sheet every week, but children should be prepared to share, every week, what they have looked at/made/talked about at home. Please send home learning in by Thursday. We share our home learning together on Friday.
