

There's a global goal to everyone....Which one do you prefer?

Now that we have finished our designs, it's time to start promoting the Global goals in our community. Why don't we start by putting them around the school? There are so many places! Let's go!

Our international ambassadors are also carrying out special assemblies to make sure that everybody knows about The Global Goals. ¡Bien hecho chicas! Well done! :-)

Year 1 are learning to count in Spanish the Global Goals. ¿Cuántos Global goals tienes tú? How many global goals have you got?

Our Year 1 video can be seen below

Reception are saying the colours...¿Que color es? What colour is it?

Our RECEPTION video can be seen below

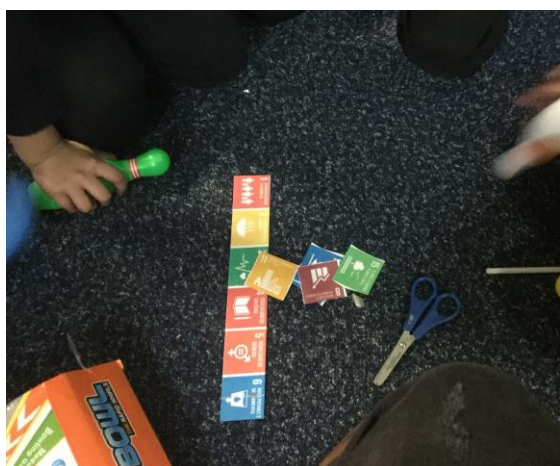

Year 5 are making sentences using Global Goals and connectives (y=and, también=also, but=pero)...¿Qué global goal te gusta? Which global goal do you like?.

'Me gusta educacion de calidad. I like quality education' by Ella.

Year 4 are having fun while 'playing' with the Global Goals!

As you can see, everybody can make our school, our community and the World a better place...Would you like to help us?
