

Foreword

Rochdale MBC aims to be recognised as a leader of diversity and equality in its work and as an example of good practice in the delivery of services and employment. This Single Equality and Community Cohesion Policy for Rochdale's schools reflects this ambition and outlines the activities which will deliver this.

Equality of opportunity and social inclusion issues will ensure that all school communities can truly benefit from and contribute to the improvements we are making, which will bring long-term and positive benefits for Rochdale Borough. Therefore the school's Single Equality and Community Cohesion Policy will require ownership by Governors, senior leaders, all staff, the school community and the pupils in order to succeed.

This policy serves essentially two purposes:

1. To set out a school's overall commitment to equality and community cohesion in one central document for past, present and prospective pupils. The Policy therefore contains the school's approach to all relevant protected characteristics of: **Disability, Gender, Gender reassignment, Pregnancy and maternity, Race, Religion or Belief, Sexual orientation**; and
2. How the school will manage, plan and include its Single Equality and Community Cohesion Policy within its day to day work.

Schools also have obligations as employers and a service provider against the protected characteristics of Age and Marriage and Civil partnerships. These obligations are not covered in this framework as this policy is concerned with a school's obligations to its pupils (mainly present and prospective pupils and where relevant former pupils and staff).

Separate policy guidance covering recruitment and employment is available from Schools Personnel team and the Local Authority.

This Single Equality and Community Cohesion Policy will help schools ensure that they focus more on the outcomes that matter to pupils, community and people who use their services; and that their services are more accessible and delivered effectively. This policy provides a framework for the school to **eliminate prohibited conduct, advance equality of opportunity and foster good relations** in a proactive way.

The Single Equality and Community Cohesion Policy is based on The Equality Act 2010.

Much of what is required of schools is already being carried out by them. The main new provisions in The Equality Act 2010 are:

- new disability discrimination provisions (direct disability discrimination, indirect disability discrimination and discrimination arising from disability)
- new protected characteristics:
- new positive action provisions

Finally, as schools are already aware, avoiding discrimination and promoting equality supports the agenda of improving attainment and progression for all pupils. Good education and skills are crucial for opening up opportunities and increasing the chance of a successful life. Furthermore, Equality and Community Cohesion is a 'limiting judgment' in OFSTED inspections and need to be considered at all times.

Introduction

There were a number of statutory duties that the school was required to meet prior to The Equality Act 2010. As such, with the implementation of this act and the harmonisation of previous legislation, this policy will refer to The Equality Act 2010 and its various provisions as the legislative framework through which this Single Equality and Community Cohesion Policy will operate.

In the development of this Single Equality and Community Cohesion Policy Brimrod CP School moved from a focus on an individual response to an approach that builds on **disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation** considerations from the start and at every level of the school, at strategic, policy, management and classroom level. We will demonstrate what we have done and what we plan to do to improve opportunities and outcomes for pupils, staff, parents and other users of the school. This policy will be monitored and delivered through the governors' role, School Improvement and Self Evaluation process.

We will ensure that every pupil irrespective of the protected characteristics is able to achieve high standards and that strategies are in place to tackle under-achievement. We will ensure that every pupil has access to the necessary support required to enable them to achieve their highest potential. We will ensure that the school's procedures for disciplining pupils and managing behaviour are fair, effective and equitable.

Our intention is to ensure that the adults working or volunteering in the school include as much as possible a balanced representation of the local and wider community. We believe that this will provide good role models for pupils from all backgrounds.

This Single Equality and Community Cohesion Policy will be linked to a joint action plan which sets out how we intend to implement the policy over the next three years.

Brimrod Primary School sees this Single Equality and Community Cohesion Policy as a living document and we will continuously review the action plan in consultation with pupils, staff, parents, carers, governors and all other stakeholders where possible. We believe they need to be involved from the very start and their involvement will inform the preparation, development, publication, review and reporting of the policy and action plan to ensure that we meet the needs of people from different backgrounds.

The Governors and the Staff of Brimrod Primary School are committed to the elimination of prohibited conduct, the advancement of equality of opportunity and the fostering of good relationships between groups and individuals

This policy has been created in consultation with a number of relevant stakeholders.

Safeguarding & Building Resilience

Brimrod Primary School is fully committed to safeguarding the welfare of all children and young people by taking all reasonable steps to protect them and build resilience in accordance with the DfE guidance – *Keeping Children Safe in Education*

This commitment is in line with our school's current Safeguarding policy and Child Protection Policy and applies to all adults, including volunteers, working in or on behalf of the school.

Preventing Radicalisation

The Counter-Terrorism and Security Act 2015 places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). Young people can be exposed to extremist influences or prejudiced views, in particular those via the internet and other social media. Schools can help to protect children from extremist and violent views in the same ways that they help to safeguard children from child sexual exploitation, drugs, gang violence or alcohol.

The Prevent strategy aims to protect vulnerable people from being drawn into terrorism. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist & extremist influences or prejudiced views. We recognise that as with other forms of safeguarding strategies, early intervention is always preferable. Our school is committed to working with other local partners, families and communities, and we will play a key role in ensuring young people and their communities are safe from the threat of terrorism.

We also recognise that our School has a duty of care to our pupils and staff which includes safeguarding them from the risk of being drawn into terrorism. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. Prevent can work within both violent and non-violent extremism arenas and can include topics such as hate crime, racism, bullying, on line safety and extreme political views.

Our School is committed to:

- Establishing a single point of contact in terms of safeguarding alongside a clear structure for staff support eg a deputy and a clear process for safeguarding.
- Assess risk of students being drawn into terrorism.
- Develop an action plan to reduce the risk.
- Train staff to recognise radicalisation and extremism and all other safeguarding issues or risks.
- Prohibit extremist speakers and events.
- Manage access to extremist material - ICT filters.
- Be confident about and ensure constant work and ethos to promote British Values.

We recognise that some young people, who are vulnerable to extreme views, may find it difficult to develop a sense of self worth and to view the world in a positive way. We also recognise that their behaviour may be challenging at times, and that some may cause offence or harm to others.

We will therefore always take a considered and sensitive approach in order that we can support all of our pupils by

- providing a safe environment for children and young people to learn and develop in our school setting.
- identifying children and young people who are particularly vulnerable to extreme views / radicalisation, and taking appropriate action in accordance with the schools' safeguarding procedures with the aim of making sure they are kept safe both at home and in our school setting.
- making appropriate referrals to the Local Authority for early intervention and support where necessary.
- ensuring that staff member(s) or governor(s) responsible for safeguarding are kept fully aware of their responsibilities, by attending relevant training and briefings.
- letting staff, parents and pupils know how to voice their concerns.

- responding to any allegations appropriately in accordance with appropriate school policies and procedures.

Publishing and raising awareness

We recognise that our Single Equality and Community Cohesion Policy is a public document that should be available to any interested stakeholder. It will be available on the school website, on request to parents and will be made freely available to staff in school.

Specific Duty

Under the Equality Act 2010, we recognise that from April 2012, as a school, we also have a "specific duty" to:

1. Publish sufficient information to demonstrate compliance with the general equality duty every four years, with an action plan review on at least an annual basis. This can include information on the effect that our school policies and practices have on protected groups.

We will also

2. Prepare and publish equality objectives in an accessible manner, to meet one or more aims of the general equality duty, and supporting the local authority in publishing relevant information to demonstrate compliance where necessary.

Monitoring and evaluating the Single Equality and Community Cohesion Policy Action Plan

We will regularly monitor and evaluate the implementation of our Single Equality and Community Cohesion Policy Action Plan. We will report annually on our progress and performance. Our annual report will be shared with Governors and our School Improvement Partner. A summary will be provided for parents and published in our school booklet. Both will explain how the full report can be obtained. We will inform staff and pupils of our progress.

We will also share our **annual report with governors or Senior Management** meeting as deemed appropriate. The Headteacher will take the lead in writing the annual report and making this available to any interested stakeholder.

The findings of our annual report will be used to update the Single Equality and Community Cohesion Policy Action Plan and inform subsequent Equality and Community Cohesion Policies

We want this Single Equality and Community Cohesion Policy to be a 'whole organisational' document that drives forward equality and achieves improved outcomes. We will therefore ensure that the Action Plan is an integral part of our School Improvement Plan, and as such, our progress will have regular oversight by the senior leadership team and the governing body.

Information and data, both quantitative and qualitative, will be used to monitor and evaluate the implementation of the action plans including information on the school population, workforce recruitment, retention and progression, special initiatives, progress at key stage levels and targets and future plans will be reported on to ensure effective monitoring.

We will formally review, evaluate and revise this Single Equality and Community Cohesion Policy and Action Plan every three years, to set new priorities and identify new actions. This process will again involve staff, pupils, parents and governors who reflect the full diversity of the school community.

The school has a procedure in place for recording, reporting and responding to racist incidents. The school will continue to comply with the Local Authority procedure for monitoring racist incidents so that the information can be analysed. This procedure is outlined fully in the *guidelines for schools in combating and recording racist incidents*.
