Agenda Item	Actions
What playground equipment would be needed for break and lunch. Money raised during our health day will be used for this.	Suggestions for outdoor equipment: <ul style="list-style-type: none"> - Footballs - Giant games (e.g. Jenga and connect 4, etc) - Basketballs - Tennis
Vegetable Garden – Each class would have a turn taking care of the garden. Plants are the curriculum for year 1, 2, 3 and 6. This could also use used by Reception or Nursery.	The school council agreed that if the vegetable garden was on the playground then it could be ruined by children playing near or on it. Also, this may not work for all classes due to Winter.
School Dinner Survey What questions could we ask the children of Delph Side about school dinners?	The school councillors agreed that it would be a good idea for everyone at school to do a school dinner survey to find out what their thoughts are on school meals (hot and cold). The questions on the survey will be: <ul style="list-style-type: none"> - Do you have a school dinner? - If you have a school dinner, do you have a hot meal or a cold meal? - What is your favourite thing about school dinners? - What do you think could be added to the school menu? - Is there anything that you think could be improved about school dinners?
Summer disco outside.	School Council agreed that a summer disco would be a good idea on the field. The portable speaker could be used for the music. Mr Ward to speak to Mr Fyne regarding what else would be needed.
