

Child Protection Policy, Procedure and Safeguarding Guidance

St John the Baptist Primary School
Titchfield Common

"Living, Loving & Learning With Thankfulness & Hope"

Oct 2016

St John the Baptist Primary School – Titchfield Common - Child Protection Policy

Policy Statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of “it could happen here” where safeguarding is concerned.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

Specific guidance is available to staff within the procedure documents.

Definitions

Within this document:

The umbrella term ‘**Safeguarding**’ is defined in the Children Act 2004 as protecting from maltreatment; preventing impairment of health and development; ensuring that children grow up with the provision of safe and effective care; and work in a way that gives the best life chances and transition to adult hood. Our safeguarding practice applies to every child.

Child Protection is an aspect of safeguarding, but is focused on how we respond to children who have been significantly harmed or are at risk of significant harm.

The term **Staff** applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and Governors.

Child refers to all young people who have not yet reached their 18 birthday. On the whole, this will apply to pupils of our school; however the policy will extend to visiting children and students from other establishments

Parent refers to birth parents and other adults in a parenting role for example adoptive parents, step parents and foster carers.

Abuse could mean neglect, physical, emotional or sexual abuse or any combination of these. Parents, carers and other people can harm children either by direct acts and / or failure to provide proper care. Explanations of these are given within the procedure document.

Staff within the school have access to information to support them to be able to recognise and report signs, indicators or risks of radicalisation, child sexual exploitation or female genital mutilation. The DSL will follow established recording and referral processes including the use of SERAF forms for suspected exploitation.

Aims

- To provide Staff with the framework to promote and safeguard the wellbeing of children and in doing so ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to safeguarding children.

Principles and Values

- Children have a right to feel secure and cannot learn effectively unless they do so.
- All children regardless of age, gender, race, ability, sexuality, religion, culture or language have a right to be protected from harm.
- All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm in accordance with the guidance.
- We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.
- Whilst the school will work openly with parents as far as possible, the school reserves the right to contact Children's Social Care or the Police, without notifying parents if this is in the child's best interests.

Leadership and Management

We recognise that staff anxiety around child protection can undermine good practice and so have established clear lines of accountability, training and advice to support the process and individual staff within that process.

In this school any individual can contact the Designated Safeguarding Lead (DSL) if they have concerns about a young person.

DSL is Honor Hodges and the **deputy DSL** are Elaine Merriman and Catherine Sale . There is a nominated Safeguarding Governor – Angela Bassam, who will receive reports of allegations against the Head Teacher and act on the behalf of the Governing Body

As an employer we comply with the “Disqualification under the Childcare Act 2006” guidance issued in February 2015

Training

All frontline staff in Education should be aware of the signs and symptoms of abuse and be able to respond appropriately. Training is provided to the whole school every three years with separate training to all new staff on appointment. The DSL will attend initial training for their role and then refresh this every two years. This is by attending refresher training after the first two years then demonstrating evidence of Continuing Professional Development thereafter.

Any update in national or local guidance will be shared with all staff in briefings and then captured in the next whole school training, with regular (at least annually) updates

Staff Responsibilities

All staff have a key role to play in identifying concerns early and in providing help for children. To achieve this they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.

- Ensure children know that there are adults in the school whom they can approach if they are worried about any problems.
- Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of “it could happen here” with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the relevant person as soon as practical that day.
- If the disclosure is an allegation against a member of staff they will follow the allegations’ procedures (Annex 5).
- Follow the procedures set out by the HSCB and take account of guidance issued by the DfE.
- Support pupils in line with their child protection plan.
- Treat information with confidentiality but never promising to “keep a secret”.
- Notify DSL of any child on a child protection plan who has unexplained absence.
- In the context of early help, staff will notify colleagues and/or parents of any concerns about their child(ren), and provide them with, or signpost them to, opportunities to change the situation.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the designated safeguarding lead (DSL) and deputy DSL are and know how to contact them.

Senior management team responsibilities:

- Contribute to inter-agency working in line with guidance (working together 2015)
- Provide a co-ordinated offer of early help when additional needs of children are identified
- Working with children’s social care, support their assessment and planning processes including the schools attendance at conference and core group meetings
- Carry out tasks delegated by the governing body such as training of staff; safer recruitment; maintaining a single central register
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff regardless of their position within the school
- Treat any information shared by staff or pupils with respect and follow procedures
- Ensure that allegations or concerns against staff are dealt with in accordance with guidance from department for education (DfE), Hampshire safeguarding children board (HSCB) and Hampshire county council (HCC)

Governing body responsibilities

- The school has effective safeguarding policies & procedures including a child protection policy and a staff behaviour policy
- HSCB is informed annually about the discharge of duties via the safeguarding audit
- Recruitment, selection and induction follows safer recruitment practice.

- Allegations against staff are dealt with by the headteacher.
- A member of the senior staff team is designated as designated safeguarding lead (DSL) and have this recorded in their job description
- Staff have been trained appropriately and this is updated in line with guidance
- Any safeguarding deficiencies or weaknesses are remedied without delay
- They have identified a nominated governor for allegations against the headteacher

DSL responsibilities

In this school the DSL is *Honor Hodges*

The deputy DSL are Elaine Merriman and Catherine Sale

In addition to the role of staff and senior management team the DSL will

- Assist the governing body in fulfilling their responsibilities under section 175 or 157 of the education act 2002
- Attend initial training for the role and refresh this every 2 years and receive regular safeguarding and child protection updates
- Ensure every member of staff knows who the DSL is, is aware of the DSL role and has their contact details
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the DSL
- Ensure that whole school training occurs every three years and receive regular safeguarding and child protection updates so that staff and volunteers can fulfil their responsibilities
- Ensure any members of staff joining the school outside of this training schedule receive induction prior to commencement of their duties
- Keep written records of child protection concerns securely and separately from the main pupil file and use these records to assess the likelihood of risk
- Ensure that copies of safeguarding records are transferred accordingly (separate from pupil files) when a child transfers school
- Ensure that where a pupil transfers school and is on a child protection plan or is a child looked after, the information is passed to the new school immediately and that the child's social worker is informed
- Link with the HSCB to make sure staff are aware of training opportunities and the latest local policies on safeguarding
- Develop, implement and review procedures in our school that enable the identification and reporting of all cases, or suspected cases, of abuse

Overview

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are worried a child is being abused.

The prime concern at all stages must be the interests and safety of the child.

Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

If a member of staff suspects abuse or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information
2. Report it to the DSL / headteacher immediately
3. The DSL or headteacher will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if DSL or headteacher are not immediately available (see point 8 below)
4. Make an accurate record (which may be used in any subsequent court proceedings) as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:
 - Dates and times of their observations
 - Dates and times of any discussions they were involved in.
 - Any injuries
 - Explanations given by the child / adult
 - What action was taken
 - Any actual words or phrases used by the child

The records must be signed and dated by the author.

Following a report of concerns from a member of staff, the DSL must:

1. Decide whether or not there are sufficient grounds for suspecting significant harm in which case a referral must be made to children's social care
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible to seek their agreement before making a referral to children's social care. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. The child's views should also be taken into account.
3. If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm they must contact children's social care via the children's reception team (CRT) on 01329 225379 and make a clear statement of:
 - the known facts
 - any suspicions or allegations
 - whether or not there has been any contact with the child's family

If the DSL feels unsure about whether a referral is necessary they can phone children's reception team (CRT) to discuss concerns

4. If there is not a risk of significant harm, then the DSL will either actively monitor the situation or consider the early help process

5. The DSL must confirm any referrals in writing to children's social care, within 24 hours, including the actions that have been taken. The written referral should be made using the inter-agency referral form (IRAF) which will provide children's social care with the supplementary information required about the child and family's circumstances. (IARF can be accessed at the following link https://hampshire.firmstep.com/default.aspx/RenderForm/?F.Name=Md_9d1aRLwN&HideAll=1)
6. If a child is in immediate danger and urgent protective action is required, the police should be called. The DSL should also notify children's social care of the occurrence and what action has been taken
7. Where there are doubts or reservations about involving the child's family, the DSL should clarify with children's social care or the police whether, the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation.
8. When a pupil is in need of *urgent* medical attention and there is suspicion of abuse the DSL or headteacher should take the child to the accident and emergency unit at the nearest hospital, having first notified children's social care. The DSL should seek advice about what action children's social care will take and about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention.

Referral

The DSL will assess the information and consider if significant harm has happened or there is a risk that it may happen. If the evidence suggests the threshold of significant harm, or risk of significant harm has been reached; or they are not clear if the threshold is met, then the DSL will contact children's social care.

Generally the DSL will inform the parents prior to making a referral however there are situations where this may not be possible or appropriate.

N.B. *The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police.*

As a school we will educate and encourage pupils to keep safe through:

- The content of the curriculum
- A school ethos which helps children to feel safe and able to talk freely about their concerns, believing that they will be listened to and valued.

Dealing with allegations against staff

If a concern is raised about the practice or behaviour of a member of staff this information will be recorded and passed to the head teacher – Elaine Merriman. The Local Authority Designated Officer will be contacted and the relevant guidance will be followed

If the allegation is against the head teacher, the person receiving the allegation will contact the LADO or nominated governor directly.

The responsibilities of the Governing Body

The Governing body is responsible for ensuring

- the school has effective safeguarding policies and procedures in place:
- that the school has a broad and balanced curriculum that incorporates safeguarding
- that national and local guidance is followed, specifically Keeping Children Safe in Education
- there is a member of the schools leadership identified as DSL
- that training is undertaken at the required frequency
- there is a nominated governor for dealing with allegations against the head teacher
- an annual audit of safeguarding is carried out and any concerns are remedied without delay

Legal context

Section 175 (maintained schools) or Section 157 (independent schools and academies) of the Education Act 2002.

Children Act 2004 & 1989

Date of birth: _____ Date of recording: _____

Name of completer: _____

Annex 4

Dealing with disclosures

All staff should:

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable. Ultimately, all staff have the right to make a referral to the police or social care directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, e.g. they are the only adult on the school premises at the time and have concerns about sending a child home.

Guiding principles, the seven R's

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure e.g. you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court

- Do not criticise the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

Report

- Share concerns with the designated safeguarding lead as soon as possible
- If you are not able to contact your designated safeguarding lead, and the child is at risk of immediate harm, contact the children's services department directly
- If you are dissatisfied with the level of response you receive following your concerns, you should press for re-consideration

Record

- If possible make some very brief notes at the time, and write them up as soon as possible
- Keep your original notes on file
- Record the date, time, place, persons present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- Complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Try to get some support for yourself if you need it

Review (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

What happens next?

It is important that concerns are followed up and it is everyone's responsibility to ensure that they are. The member of staff should be informed by the DSL what has happened following the report being made. If they do not receive this information they should be proactive in seeking it out.

If they have concerns that the disclosure has not been acted upon appropriately they might inform the safeguarding governor of the school and/or may ultimately contact the children's services department.

Receiving a disclosure can be upsetting for the member of staff and schools should have a procedure for supporting them after the disclosure. This might include reassurance that they have followed procedure correctly and that their swift actions will enable the allegations to be handled appropriately.

In some cases additional counselling might be needed and they should be encouraged to recognise that disclosures can have an impact on their own emotions.

Annex 5

Allegations against staff

Procedure

This procedure should be used in all cases in which it is alleged a member of staff or volunteer in a school has:

- **behaved in a way that has harmed a child, or may have harmed a child;**
- **possibly committed a criminal offence against or related to a child; or**
- **behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children**

In dealing with allegations or concerns against an adult in the school, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the Headteacher or the DSL as soon as possible
- If an allegation is made against the Headteacher, the concerns need to be raised with the LADO or nominated governor as soon as possible
- Once an allegation has been received by the Headteacher or nominated governor they will contact the Local Authority Designated Officer on 01962 876364 as soon as possible and before carrying out any investigation into the allegation other than preliminary enquiries.
- Inform the parents of the allegation unless there is a good reason not to

In liaison with the LADO, the school will determine how to proceed and if necessary the LADO will refer the matter to children's social care and/or the police.

If the matter is investigated internally, the LADO will advise the school to seek guidance from their personnel/HR provider in following procedures set out in 'keeping children safe in education' (2016) and the HSCB procedures.

Managing allegations against other pupils

DfE guidance keeping children safe in education (2016) says that 'governing bodies should ensure that there are procedures in place to handle allegations against other children'. The guidance also states the importance of minimising the risks of peer-on-peer abuse. In most instances, the conduct of students towards each other will be covered by the school's behaviour policy. Some allegations may be of such a serious nature that they may raise safeguarding concerns. These allegations are most likely to include physical abuse, emotional abuse, sexual abuse and sexual exploitation. It is also likely that incidents dealt with under this policy will involve older students and their behaviour towards younger students or those who are vulnerable.

The safeguarding implications of sexual activity between young people

The intervention of child protection agencies in situations involving sexual activity between children can require difficult professional judgments. Some situations are statutorily clear – for example, a child under the age of 13 cannot consent to sexual activity. But it will not necessarily be appropriate to initiate safeguarding procedures where sexual activity involving children and young people below the age of legal consent (16 years) comes to notice. In our society generally the age at which children become sexually active has steadily dropped. It is important to distinguish between consensual sexual activity between children of a similar age (where at least one is below the age of consent), and sexual activity involving a power imbalance, or some form of coercion or exploitation. It may also be difficult to be sure that what has or has been alleged to have taken place definitely does have a sexual component.

As usual, important decisions should be made on a case by case basis, on the basis of an assessment of the children's best interests. Referral under safeguarding arrangements may be necessary, guided by an assessment of the extent to which a child is suffering, or is likely to suffer, significant harm. Key specific considerations will include:

The age, maturity and understanding of the children;

Any disability or special needs of the children;

Their social and family circumstance;

Any evidence in the behaviour or presentation of the children that might suggest they have been harmed;

Any evidence of pressure to engage in sexual activity;

Any indication of sexual exploitation;

There are also contextual factors. Gender, sexuality, race and levels of sexual knowledge can all be used to exert power. A sexual predator may sometimes be a woman or girl and the victim a boy

¹ Taken from The safeguarding implications of events leading to the closure of Stanbridge Earls School – A Serious Case Review (2015)

Policy:-

At St John's we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other students.

We recognise that some students will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's behaviour policy.

Prevention

As a school we will minimise the risk of allegations against other pupils by:-

- Providing a developmentally appropriate PSHE syllabus which develops students understanding of acceptable behaviour and keeping themselves safe
- Having systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued
- Delivering targeted work on assertiveness and keeping safe to those pupils identified as being at risk
- Developing robust risk assessments & providing targeted work for pupils identified as being a potential risk to other pupils.

Allegations against other pupils which are safeguarding issues

Occasionally, allegations may be made against students by others in the school, which are of a safeguarding nature. Safeguarding issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. It is likely that, to be considered a safeguarding allegation against a pupil, some of the following features will be found.

If the allegation:-

- Is made against an older pupil and refers to their behaviour towards a younger pupil or a more vulnerable pupil
- Is of a serious nature, possibly including a criminal offence
- Raises risk factors for other pupils in the school
- Indicates that other pupils may have been affected by this student
- Indicates that young people outside the school may be affected by this student

Examples of safeguarding issues against a student could include:

Physical Abuse

- Violence, particularly pre-planned
- Forcing others to use drugs or alcohol

Emotional Abuse

- Blackmail or extortion
- Threats and intimidation

Sexual Abuse

- Indecent exposure, indecent touching or serious sexual assaults
 - Forcing others to watch pornography or take part in sexting
-
