

Again, make the front a little wider than the back to allow for the neckline

No Seams!

PEPLOS

Alternative to Tunic

fold can be made longer, to hip, with belt tied over or underneath it.
 belt can also be worn higher, under the breast.

STOLA (rectangular wrap overdress, worn over tunic) would be made and worn similar to peplos, but without the fold-down.

Pattern for peplos with overfold to waist, made from a queen-size sheet, belted at the waist under the overfold panels with kolpos (pouch of material bunched over belt) showing.
