

Week 10

Friday 30th June 2017

**This week:** What a fantastic sports day we have had. This morning we started in our hub groups, before working together on the activities set up around the field. We had lunch in our hub groups before the afternoon races.

Well done to all for good effort and sportsmanship!  
We hope you had as much fun as we did.

We have been deepening our understanding of skip counting in 2's and 10's. Mrs. Akers has challenged us to prove which numbers can and cannot be made in groups of 2 or 10. We have learned the new mathematical term "is /is not a multiple of". Some of us chose Numicon and bead strings while others used cuisinere blocks, empty number lines or cubes to really convince Mrs. Akers!

Katie Morag has inspired us to design our own islands and we have been adding detail to make sure that if we lived there, or visited there, we would have enough things to make it a happy place to be.

We had to ask ourselves:

Have we got somewhere to sleep? Eat? Visit?  
Work? Go to school?

Do we have a Dr's, hospital, swimming pool? Garage?  
How can people get around my island? Roads? Train track? Harbour? Helicopter pad? There has been lots to think about!

The Night Owls visited us on Wednesday morning and WOW! They were AMAZING!! The children's faces were a picture of awe and wonder, as the owls swooped low over their heads!

Look out for your child's photo with the barn owl on their shoulder. Details with how to purchase are in their book bag today!

**Remember:**

Tomorrow is 1st July. If your child wants to join in at the folk festival, the song words and music are on our class page to practise.

Start at 12:00pm on  
The Green

## Home learning this week:

Please see the presentation timetable for your child's time slot. They have each chosen when they want to have their turn. Looking forward to hearing them all! For those of you that have made a PowerPoint, please bring in on a memory stick, or email to
