Dear Parents/Carers

MODULAR CLASSROOM FOR YEAR 2 – 2017/18

Following the 'open day' to visit the above, some concern has been expressed by parents/carers regarding the one main fire exit to the build which was passed by building control in the planning stage and is fully legislative compliant with regard to building and fire regulations.

The doors into the classrooms are fire doors (FD30) with smoke seals and a fire alarm detection system is in situ as are fire extinguishers. As you are already aware, the school regularly undertakes fire drills so that all children and adults on site know exactly what procedure is to be followed.

In view of the level of concern expressed, the school has decided to go 'over and above' what is legally required and from 1 September 2017, the Year 2 classrooms within the modular build will each have a fully opening window thereby creating two additional fire exits.

Yours faithfully

G W Skwarek (Mrs)
Business Manager and
Health & Safety Officer
