

# Welcome to

Sandilands First Steps offers a warm, caring, homely environment, providing stimulating activities to encourage your child's development within the EYFS framework.

Sandilands First Steps provides a totally inclusive environment for your child where we recognise the importance of working in partnership with parents / carers; thereby ensuring individual child's needs are met. All children are encouraged to make their own choices and decisions. We provide continuous provision both indoors and outdoors to enable your child to explore actively and freely.
