

Summer Holiday Project 2017

What do you think are the most important inventions there have been? Can you tell us all about one of them?

If you could invent something, what would it be? Something useful? Something silly? Something that could change the world? Can you make a design for it?

What would The Hyde School of the Future look like? How would it be different to now? Can you show us what it would look like?

Next year we will be going **FULL STEAM AHEAD!** Our entrance hall will be an inventor's laboratory so we need lots of your fabulous designs, artwork, research, inventions and models.

Please bring in your work by Friday 15th September. We are looking forward to seeing your fantastic ideas!
