The Perky Pupil Paper LEAVERS EDITION!

WILLIAM

I'm William. I have many memories from this school, from Nursery to Y6, today I shall share with you one of my favourite. It was at Cefn Lea in 2016, we were on our Y5 residential, and I was in a room with my friends. One of them, Tom, likes sweets, when I say he likes sweets I mean he LOVES sweets. We left him alone in the room for less than 10 minutes, in that time he managed to devour a whole packet of Maoam Joysticks. We returned to the room and confronted his devouring, we deemed it a mistake. However, when we made a simple textbook joke, he fell to the floor and began making a wheezing laugh, that later turned into a fit. We stood there, simple faces as Tom was over-laughing.

TOM

I have been in Heptonstall School since I was in nursery; I am one of the six originals. (Me, Will, Harry, Cerys, Rosie, Lauren.) My funniest moment was when I got bored holding Harry's trousers so I bit them with my mouth. That is the only memory that I can remember without spoiling my leavers speech.

HARRY

My favourite memory from this school was with me and the other five originals me, Tom, William, Cerys, Rosie and Lauren when we were recreating the giant turnip and Tom was the dog, he decided to bite my trousers nearly pulling them down.

CERYS

I have been at Heptonstall all my school life and, although a lot of highlights have been in Class 4, I have enjoyed every year. I am one of the six originals which mean that I have been in this school since nursery, along with William, Rosie, Lauren, Harry and Tom. Cefn Lea was an AMAZING residential and, although I was constantly tired, I loved every moment. Through most of Class 2, we had different teachers that's stay ranged from 1 day to 6 months. We also spent some time in the porta cabins while the school was getting redone.

OWEN

Hello my name is Owen, I am 11. I remember when I was in class 4 when we went to Butlins for our residential and I went on the slide riptide with Lily, all the way down she screamed and I laughed. There was also a time in class1 when the water came down the drain and everybody yelled NINTENDO WEEEEEEEE the first time this happened I rushed to the road hoping to see Mario or Bowzer driving up the road.

POPPY

Hello. I am a proud pupil of Heptonstall School; however it won't be like that for much longer as I, and all the other members of year 6, are leaving to start afresh in high school. We are supposed to be writing about a special memoir from this school, though, as I joined in year 3, I don't carry as many memories as perhaps others do. Despite this, something that has stuck firmly in my mind is the Cefn Lea residential. Not just the trip, but something more specific: artificial caving. It was significant as it was so..... **FUN!!** At first I was hesitant, but I carried on and it showed me that I should always try, even if I'm not sure about it. I hope you enjoyed this; I definitely received joy from writing and remembering it.

ALICE

The main things I remember are trips so I will just put about them in class1 my favourite trip was a farm trip and we went on a caterpillar ride. In class 2 we went on a safari trip and everyone screamed when the lion woke up. In class 3 we went to Yorkshire Farming Museum and we got to be Vikings for the day. In class 4 we went on a residential to Butlins and it was amazing! I have really enjoyed my 8 years at Heptonstall and I will miss it very much.

LILY

I am Lily. I like anything scary, anime, art, reading, sleepovers, Pokémon, ice skating and funfair rides! I love listening to music and watching anime. My favourite band is Imagine Dragons my favourite Pokémon is Umbreon and my favourite animal is a wolf! One of my favourite memories of this school is when we finished the S.A.T.S and we had half a day in the ICT suite playing games and messing around and eating sweets. It was also the day Cerys, Rosie and I had a HUGE sleepover!

FREYA

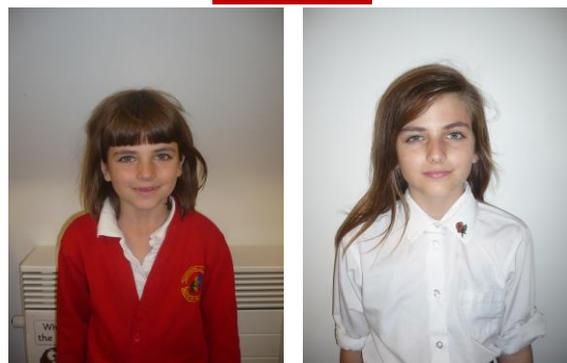

My name is Freya and I am 11 years old. I don't bear many memories as I only joined in Year 4 but it barely feels like two seconds have gone by so it's quite difficult to pick the best. I guess Cefn Lea was a major high point in my life so far, but I believe the most significant one is going to have to be just spending Year 5 with Mr Jenel. I know it'll be difficult to move on from something basically brand-new, but I will carry the few reminders of this wonderful school for eternity. Thank you for accepting me into your wonderful community.

LAUREN

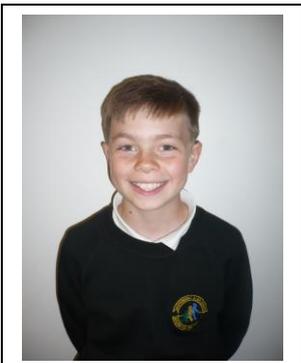

Hi I'm Lauren. As you probably know, I am leaving our school soon and going to high-school. Here are some school memories: I am one of the seven originals meaning I started in class one and have been in the old and new school building, this was very interesting as at one point we were in porta-cabins and had boxes scattered everywhere full of books, pens and paper, we could never find anything! The SATS party was really fun and at lunch nobody wanted to eat as we were full on sweets.

ROSIE

Hello my name's Rosie and I've been at this school before the class ones were born. One of my favourite memories from school was the Cefn Lee (warning take the single bed, the bunk beds are as hard as concrete!) When we went to Red Ridge and climbed up this massive pole and jumped down on this bungee cord, we did the same thing in Butlin's! When you're in the air it feels like flying! Goodbye

JOSEPH.

Hi it's Joseph. I've not been at Heptonsall School long but here are some of the things I remember. Going to Cefn Lea, playing tag in the big building, Butlin's residential and making friends with Alice King. But one of my most favourite memories has to be getting the part of Sergeant Stoat in the school play not.

END OF YEAR PERFORMANCES.

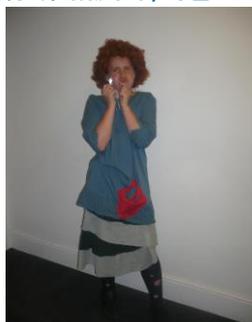

The Wizard of OZ

Oliver

Beauty & the Beast

Annie

Peter Pan

Wind in the Willows

Alice in Wonderland

Have a lovely summer and see you in September!
