

## Music

Let Your Spirit Fly  
Reflect, Rewind and Replay

## French

## Art and D & T

We will continue to develop our observational drawing skills through drawing plants and animals. We will design our own animal masks and grass heads. We will learn how a variety of foods are grown. We will also work on our cooking skills linked to healthy eating and a balanced diet.

## Computing

In computing, we will freshen up our knowledge on E-safety. We will continue to develop our coding skills using Scratch. We will learn how to create databases linked to information about animals and plants.

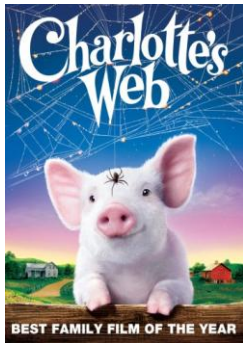

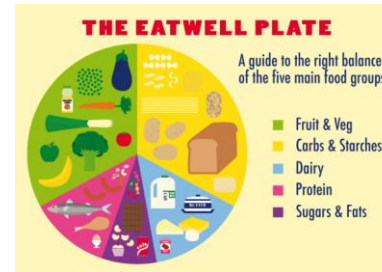

## Literacy

In Literacy, we will be learning about newspaper articles, instruction writing and information texts. We will create our own page for an animal encyclopaedia.

## Animals and Plants

Year 3 Summer 2017

We will continue to use Cineliteracy to develop our narrative writing.

## PE

We will take advantage of the weather and play more outdoor games such as rounders, tennis and athletics. We will have a weekly session with Rugby Pups in the first half term.

## Maths

## Science

In Science we will learn about light before moving on to animals and plants. We will be learning about food groups and what plants and animals need to survive, the skeletal and muscular system.
