

MarvellousMe Parent App Quick Start

1. 'Child select' and 'Child home'.

See your unread and read notifications.

The counter shows the number of unread notifications.

Tap to go to each 'Child's home', to see that child's information.

Add another child to your MarvellousMe app.

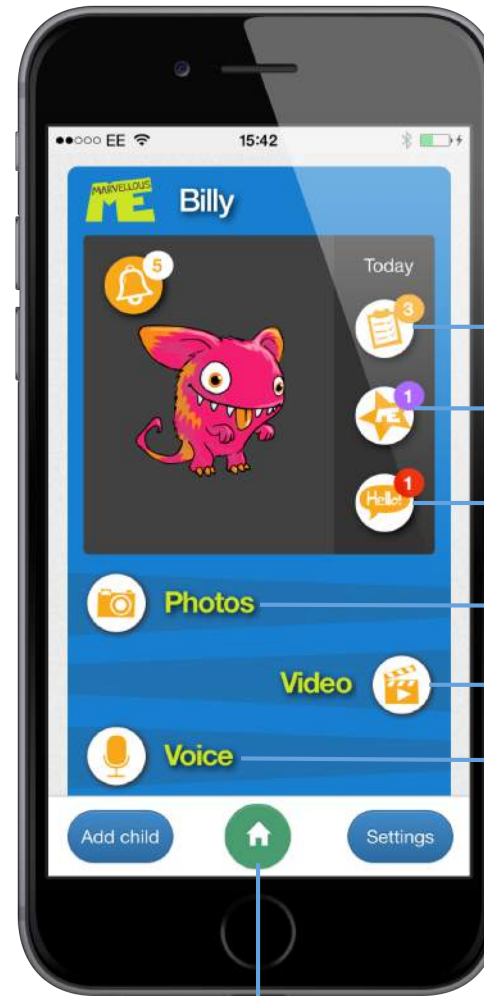

Change your password, add and remove a child, share your app, tell your friends and get help.

'Activities' tell you what your child has done at school.

'Badges' recognise your child's achievements, learning and life skills.

See 'Messages' from your child's teacher.

Short-cut to see just activities with photos, videos or voice recordings.

Go to 'Child select'.

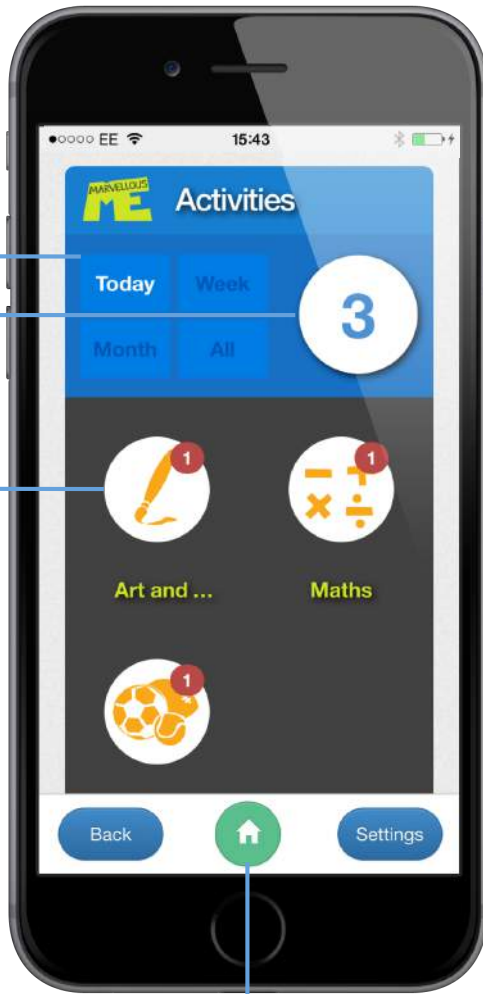

2. 'Activities' tell you what your child did at school.

Select your period.

See details of all the activities posted in this period, irrespective of category.

See details of each activity posted in this period, by category.

The counters show how many activities have been posted, in total and by category.

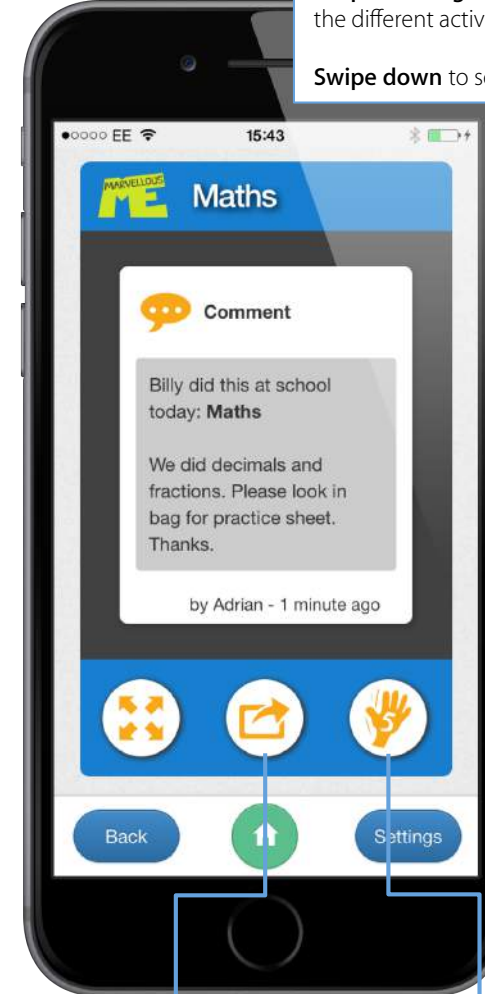

Go to 'Child home'.

View full screen and play videos and voice recordings.

See the comment for this activity. Flip back to see the media again.

Share by email, texts and on your social networks.

'Hi5' the teacher, to say 'thank you' for keeping you informed.

Swipe left / right to view the different activities.
Swipe down to see more.

3. 'Badges' recognise achievements, learning and life skills.

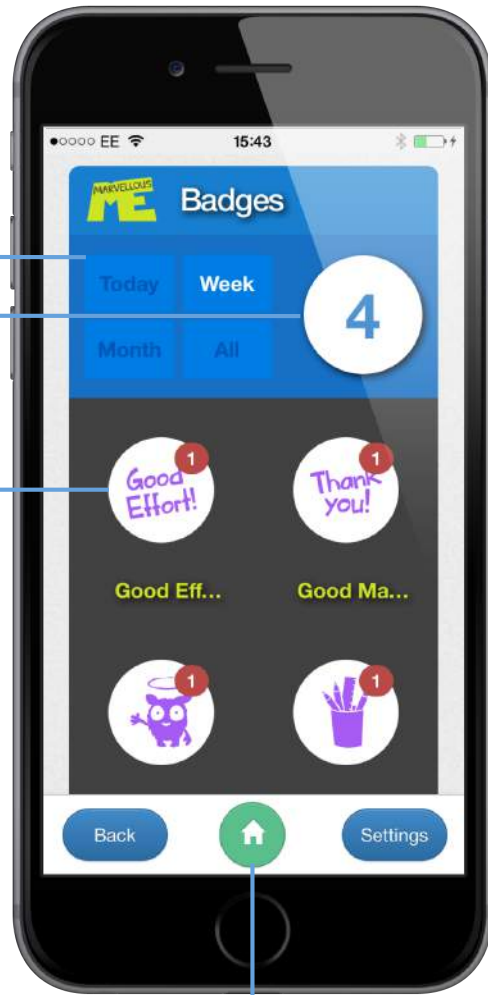

Swipe left / right to view the different badges.
Swipe down to see more.

Select your period.

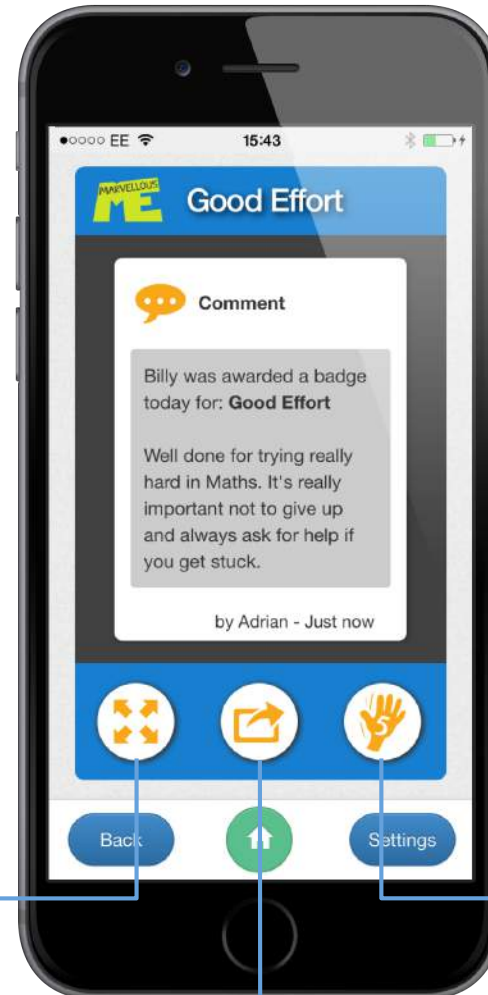

Tap to see details of all the badges awarded in this period, irrespective of category.

Tap to see details of each badge awarded in this period, by category.

The counters show how many badges have been awarded, in total and by category.

Tap to go to 'Child home'.

View full screen.

Share by email, texts and on your social networks.

'Hi5' the teacher, to say 'thank you' for keeping you informed.

4. 'Messages' and reminders.

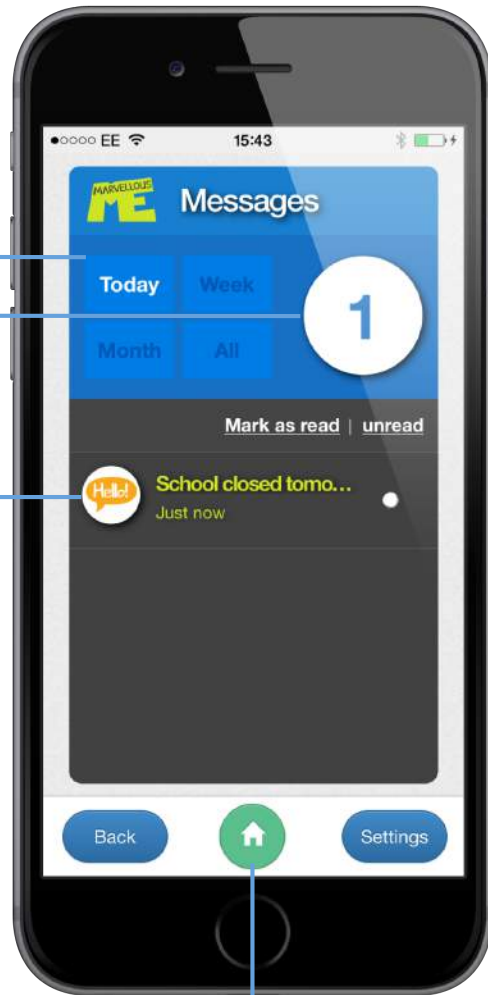

Swipe left / right to view the different messages.
Swipe down to see more.

Select your period.

Tap to see details of all the messages received in this period.

Tap to view the message. It will be marked as 'read', and the text will change colour, once you have viewed it.

Manually mark messages as 'read' or 'unread' all together, or individually.

Tap to go to 'Child home'.

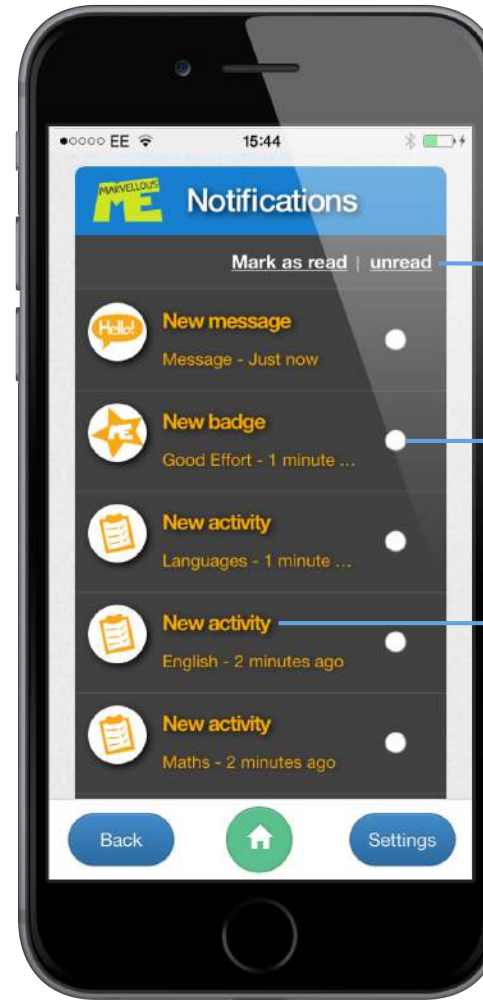

View full screen.

Share by email, texts and on your social networks.

'Hi5' the teacher, to say 'thank you' for keeping you informed.

5. Notifications. Remember to turn them on in your device's settings.

Swipe down to see more.

Mark all notifications as 'read' or 'unread'.

Mark each notification as 'read' or 'unread' separately.

Tap to see the details of all each notification.
The notification will automatically be marked as 'read' once it has been viewed and the text will change colour.
