

Road Safety

Children will be undertaking Bikability training where they will be explicitly taught the importance of road safety when cycling. They will also be reminded of this key safety learning each time we are on visits where road safety will be required.

Anti-Bullying

Year 5 will be exposed to a continuing dialogue about bullying; how to recognise it; how to prevent it; what to do if it happens to them or their friends.

Health and well being

Children will learn to reflect on and celebrate their achievements, identify their strengths, areas for improvement, set high aspirations and goals. They are encouraged to maintain a healthy lifestyle through a balanced diet and regular exercise.

Taking the lead in our Harvest Fair allows them to understand how lucky we are to have plentiful food and water and how important it is to make the right choices.

Keeping Safe

Children will be undertaking trips throughout the year and we will be explicitly asking the children what they will need to do to stay safe. We will discuss strategies to stay safe when out in the community beyond the school grounds.

Safeguarding

Year 5

E- Safety

Through various subjects and topics, children will learn how to keep safe when using the internet including playing online games.

British Values

We have a weekly focus on some of the most important aspects of British culture and values such as democracy and freedoms of speech and religion. Encouraging a nature of tolerance and understanding is an important part of the children's learning.

Being a responsible citizen

Citizenship is another important area for Year 5 to understand. They will learn about their responsibilities to protect their environment; the wider community and what it is to be a responsible citizen.

Relationship and Sex Education (RSE)

In Year 5 we are visited by a school nurse who will discuss with the children the changes that happen to their bodies in puberty. They will be explaining why these changes happen and encouraging the understanding that it is completely normal and something all children experience.
